NOTICE #1: REQUESTS FOR CLARIFICATION

NO.	REQUESTS FOR CLARIFICATION	TCTA RESPONSES
1	Kindly advise whether, for this tender submission, the ECO and the auditor may be the same individual on the basis that he/she is accredited under the SAATCA accreditation body or need both SAATCA and SACNASP or EAPASA?	The ECO and Environmental Auditor must not be the same individual. In Table 3 of the RFB under section 2 (key Personnel Experience) , the RFB explicitly requires two independent resources to undertake the ECO and Auditor functions separately to ensure independence of oversight and auditing. Bidders must therefore nominate separate individuals for each role, and each individual must meet the applicable qualification, registration and experience requirements stipulated in the RFB. Relevant professional registrations/accreditations must be provided for the resource proposed for each position.
