The service provider shall disclose all applicable fees and charges upfront. No additional costs shall be incurred without prior written approval from the Municipality.

9. PANEL APPOINTMENT AND ALLOCATION OF WORK

9.1 Establishment of the Panel

Metsimaholo Municipality intends to appoint a panel of suitably qualified and responsive service providers for the duration of the contract.

Appointment to the panel shall not constitute a guarantee of work, expenditure or a minimum volume of business. Individual orders will be issued to panel members only when the Municipality has a requirement for the services covered by this tender and subject to the availability of an approved budget.

9.2 Request for Quotations from Panel Members

When a requirement for newspaper advertising services arises, the Municipality will issue a Request for Quotation (RFQ) to the relevant appointed members of the panel.

Only panel members who are eligible to participate in the relevant RFQ will be invited to submit quotations.

9.3 Evaluation of Quotations

Quotations received from panel members will be evaluated in accordance with the applicable procurement requirements of Metsimaholo Municipality (80/20 Point system).

Calculation of points will be applied in terms of PPPFA see the attached MBD 6.1

The highest scoring bidder for price and specific goals will be awarded the bid.

The quotations will be evaluated based on the prescribed price and specific goal/location point-scoring criteria, as applicable to the RFQ and in accordance with the Municipality's approved Supply Chain Management Policy and applicable legislation.

The Municipality will calculate the applicable points for each responsive quotation and determine the bidder with the highest overall points score.

The service provider obtaining the highest overall points score, and whose quotation complies with all applicable requirements, will be recommended for the issuing of the relevant order.

Where two or more quotations obtain the same highest overall points score, the Municipality will resolve the tie in accordance with its applicable Supply Chain Management Policy and legislation.

9.4 Rotation of Orders

To promote equitable distribution of opportunities amongst appointed panel members, the Municipality will apply a rotation principle.

A panel member that last received an order under the panel arrangement will not be included in the next applicable RFQ process, provided that there are sufficient other eligible panel members available to participate.

The rotation mechanism is intended to promote fairness and equitable access to opportunities and does not override the requirement that quotations must be evaluated in accordance with the applicable price and specific goal point-scoring criteria.

9.5 Exceptions to the Rotation Principle

The Municipality may deviate from the rotation mechanism where circumstances reasonably require it, including but not limited to:

- An insufficient number of eligible panel members;
- The specialised nature of a particular advertising requirement;
- The required newspaper or geographic coverage not being available through all panel members;
- An urgent or time-sensitive advertising requirement;
- A panel member's inability or lack of capacity to execute the required order;
- Failure by a panel member to respond to an RFQ;
- Any other circumstance permitted by the Municipality's applicable Supply Chain Management Policy or legislation.

Any deviation from the rotation mechanism must be appropriately documented and authorised in accordance with the Municipality's delegated authority and applicable procurement procedures.

9.6 Issuing of Orders

An order will only be issued after completion of the applicable quotation and evaluation process and approval by the duly authorised official or structure of the Municipality.

The successful panel member shall not commence work until an official order or other authorised instruction has been issued by the Municipality.

The service provider shall execute the order strictly in accordance with the approved quotation, Municipality's instruction, agreed specifications and applicable contractual conditions.

9.7 Appointment Where Two or Fewer Service Providers Are Responsive

Where, following the evaluation of tenders for a particular panel, two (2) or fewer service providers are found to be responsive and meet all the requirements of the tender, the Municipality reserves the right to appoint such responsive service provider(s) to the relevant panel.

The Municipality may commence utilising the appointed service provider(s) for the relevant panel while simultaneously proceeding with the necessary procurement processes to appoint additional suitably qualified and responsive service provider(s) to the panel, in

accordance with the applicable legislation, supply chain management policies and procurement requirements.

The appointment and utilisation of the initially appointed service provider(s) shall not prevent the Municipality from subsequently adding further service provider(s) to the panel, provided that such appointments are made through a lawful and compliant procurement process.

The Municipality further reserves the right to determine the number of service providers to be appointed to each panel, subject to the requirements of the tender document and applicable legislation.

10. SERVICE PROVIDER CAPACITY AND RESOURCES

The service provider must have sufficient resources and capacity to provide the required services throughout the contract period.

The service provider shall have access to:

- Competent graphic/design personnel;
- Media buying and placement personnel;
- Appropriate design software and equipment;
- Reliable communication facilities;
- Established relationships with relevant newspaper publishers;
- Personnel capable of responding to urgent advertising requirements; and
- Appropriate systems for tracking advertising bookings and publications.

The service provider must nominate a dedicated contact person who will be responsible for managing the Municipality's advertising instructions.

11. CONFIDENTIALITY

All information, documents, artwork, municipal notices, personal information and other material supplied by the Municipality shall be treated as confidential.

The service provider shall not:

- Disclose municipal information to unauthorised third parties;
- Use municipal information for purposes other than those authorised by the Municipality;
- Publish or distribute draft advertisements without approval; or
- Use the Municipality's name, logo or corporate identity for unauthorised purposes.

12. INTELLECTUAL PROPERTY

The service provider shall ensure that any third-party images, fonts, graphics or other material incorporated into artwork are appropriately licensed for the intended use.

13. PERFORMANCE MANAGEMENT

The Municipality will monitor the performance of appointed service providers throughout the contract period.

Performance may be assessed against:

- Quality of advertisement design;
- Accuracy of published advertisements;
- Turnaround times;
- Adherence to publication deadlines;
- Accuracy of invoices;
- Competitiveness of rates;
- Responsiveness and communication;
- Proof of publication;
- Ability to meet urgent requirements;
- Compliance with Municipality instructions; and
- Overall service delivery.

Persistent poor performance, non-compliance or failure to meet agreed service levels may result in corrective action in accordance with the contract and applicable Municipality policies.

14. MUNICIPALITY'S RIGHTS

Metsimaholo Municipality reserves the right to:

- Determine which advertisements are placed and where they are published;
- Approve or reject proposed artwork;
- Approve or reject proposed media placements;
- Request amendments to artwork;
- Require alternative publication options;
- Negotiate advertising rates and discounts;
- Allocate work amongst appointed panel members in accordance with applicable procurement requirements;
- Cancel or amend an advertising instruction before publication where circumstances require;

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:

Bid rigging is, therefore, an agreement between competitors not to compete.
