

ANNEXURE C3.2: SCOPE OF WORK

PURPOSE

The purpose of this scope of work is to provide the supplier with details pertaining to the supply and delivery of bearings, thrust pads, bearing sleeves, bobbins for various pumps at Rand Water sites for a period of 5 years.

BACKGROUND

Rand Water Zwartkopjes, Zuikerbosch and Vereeniging Station keeps pumps spares in stock to minimise the time pumps are out of commission and to be able to do planned maintenance as and when required.

The white metal bearings have a lead time of 6-8 weeks. These items are therefore classified as critical spares.

OBJECTIVES OF THE WORK

Supply and delivery of various standard bearings, white metal bearings; thrust pads; bobbins; bearing sleeves; oil rings; labyrinth seals, oil scoop discs and baffles to various Rand Water sites.

Please see Annexure C2.2 for details and delivery areas.

White metal bearings specifications WM90

Ultrasonic bonding certificates to be supplied where applicable

Price to be fixed per year.

Delivery personnel have to wear the correct PPE while delivering
