	<b>Exemption Letter For OHS &amp; Environmental requirements</b>	Document Identifier	240-77471499	Rev	1	
		Effective Date	July 2024			
		Review Date	July 2027			

National Transmission Company South Africa’s (NTCSA) responsibility and commitment is to ensure a safe working environment is in line with its Safety, Health, Environmental and Quality Policy, along with legislative obligations. NTCSA will partner or conduct business with entities that prioritise duty of care to the Environment as it aligns with the values on “Zero Harm”.

**Scope of work:**

The Scope of work for this transaction is for contractor is to supply the required items to the Eskom store situated in Simmerpan as reflected on a as and when order number is issued for the antennas and brackets.

After careful consideration of the approved scope of work, with reference to the Engineering Standard with reference **240-62772857** issued July 202 2025 which provides for the specifications required for the VHF/UHF ANTENNAS in section 3 and the Generic Requirements for Telecoms Contracts with reference **240-135089195** issued in September 2023 which aims to describe the Telecommunications’ general support requirements to an external supplier.

there is relatively low/no perceived environmental impact and therefore there will be no Environmental requirements expected from this transaction.

The supplier shall ensure that the operations activities are following the requirements of ISO 14001:2015 standard requirements and related legislation. Thank you for providing the relevant documentation pertaining to this transaction. Following a thorough review and analysis of the project scope, I can confirm that the environmental risk associated with this transaction is minimal.

In my capacity as the Senior Environmental Advisor at NTCSA, I, Fulufhedzani Mashitoe, hereby confirm that the proposed project poses no significant impact on the natural environment. Consequently, no environmental requirements will be stipulated for this transaction.

**I, the undersigned, hereby acknowledge that the scope of work does not warrant Environmental requirements at the tendering phase due to the following reasons:**

- **No environmental impact is perceived.**
- **Sufficient environmental controls are in place already for the operational phase of the equipment.**

**Please ensure that the successful supplier signs the Contractor Environmental Requirement Proforma Agreement at contract award stage.**

**Signed at Germiston, 29 January 2026**

**Fulufhedzani Mashitoe  
Senior Environmental Advisor**
