PRICE SCHEDULE

6.1. PSPs are requested to follow the model below so that proposals can easily be comparable:

APPOINTMENT OF SERVICE PROVIDER FOR ASSET MANAGEMENT SERVICES TO TSWELOPELE LOCAL MUNICIPALITY FOR A PERIOD OF 36 MONTHS							
No.	Product	Unit Price	Quantity/ Hours	Year 1	Year 2	Year 3	Total Amount
				R	R	R	R

3	Gap Analysis Reconciliation						
4	Verification						
5	Data Validation						
6	Financial Reporting						
7	Compile Asset Management Plan (and FAR)						
8	Provide Audit Support						
9	Disbursement						
SUB-TOTAL

GRAND TOTAL							

NB: Escalation for the second and the third year will be CPI based

Preparation of a GRAP Compliant Asset Register for a Period of 3 Years

- 6.2. Disbursements / travelling costs shall be kept to actual costs (up to maximum of 10% of the Total). The onus rest with the PSP to provide original proof of expenditure. Failure to prove actual expenditure may result in the claim being rejected.
- 6.3. The proposal must also include cost for 'provision on landfill sites'; deeds download; etc. in their total costs in item 7 above. PSP will be expected to share the complete set of information regarding the 'deeds download' so to minimize costs/duplication on related services such as valuation roll.
- 6.4. PSP must provide the total cost of the project and not provide estimates as this makes it difficult to compare prices during evaluation. For example, a PSP who quote R750 000 and then indicate/states that "additional hours will be billed at actual costs" [to which cost to such hours cannot be determined at the evaluation stage will be eliminated]. Thus, if PSP quote R750 000, the project must be executed fully at the maximum cost of R750 000. Therefore, if the total price for the services cannot be determined at the evaluation stage, PSP will be regarded as non-responsive and be eliminated.
- 6.5. For each and every invoice submitted, the Municipality will retain 10% of the invoice value [excluding VAT]. This amount will be paid out accordingly after submission of the 'close-out report'. This will exclude costs claimed at actual costs such as deeds download.
- 6.6. It should be noted that the 10% retention will also be used as part for consequence management. In this regard, the retention may not be paid out at the end of the project should there be obvious errors in the audit report qualifications (if any) that could been avoided if due care and diligence was exercised by the PSP. The retention maybe used to correct such discrepancies by the appointed Service Provider or another Service Provider [where the appointed Service Provider is unable to do so].
- 6.7. Travelling / claim for kilometers must be quoted at the rates as provided by the Department of Transport on a month-to month basis for 'private vehicles.
- 6.8. Criteria to determine functionality will entail: qualification and skills based on project personnel's curriculum vitae; reference of similar work / general experience in compilation of FAR; experience in compiling FAR specifically for local municipality; methodology of compiling the FAR, preparation of the audit file and skills transfer plan; etc. [the full details are entailed in the latter part of this section].
- 6.9. All invoices will be accompanied by a Progress Report and the Municipality has up to 30 days to make payment (from date of receipt of invoice and not from invoice date as Service Provider sometimes fail to submit invoices on time);
- 6.10. PSP will be subjected to functionality and technical capability / ability of the PSP to perform / render the required services successfully. PSPs who scores less than 70% at this stage will not qualify for the next stage;
- 6.11. The municipality understands that companies [as juristic persons] do not compile FAR but the individual employees [natural person] compile FAR. Accordingly, major emphasis will be on the individual employees to be seconded to the project. This is to guard against companies which have a proven track record over the years, to which there is no more adequate skills/personnel to sustain such. Nonetheless, the municipality also understand that companies [juristic person] may hold methodologies that have proven to be

Preparation of a GRAP Compliant Asset Register for a Period of 3 Years

successful into FAR compilation. Accordingly, such will also be considered in the evaluation/adjudication.

Also take note of the following points:

- The municipality reserves the right not to accept the bidder with the lowest price.
- The service provider should include a breakdown of the hourly tariff applicable for any ad-hoc projects that may be requested.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
