NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REQUIREMENTS.

1.0 GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to invitations to tender:
 - the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included).

T2.2.8 MBD 9: CERTIFICATE OF INDEPENDENT BID DETERMINATION**NOTES**

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

- 1.0 This Municipal Bidding Document (MBD) must form part of all **bids**¹ invited.
- 2.0 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or **bid rigging**).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3.0 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4.0 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of **bid rigging**.
- 5.0 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid.

CERTIFICATE OF INDEPENDENT BID DETERMINATION (2 pages)

I, the undersigned, in submitting the accompanying bid:

2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect.
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience.
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder.
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement, or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- (a) prices.
 - (b) geographical area where product or service will be rendered (market allocation).
 - (c) methods, factors or formulas used to calculate prices.
 - (d) the intention or decision to submit or not to submit, a bid.
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid.
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements, or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

PART C3: SCOPE OF WORK

C3: SCOPE OF WORK FOR THE MONITORING OF PUBLIC TRANSPORT SERVICES

C3.1 INTRODUCTION

C3.1.2 BACKGROUND

eThekwini Municipality, as part of its mandate to provide safe, affordable, and efficient public transport services, has entered contractual arrangements with selected transport operators to deliver scheduled services across the municipal area. To ensure the integrity and effectiveness of these contracts, the Municipality seeks to appoint a Supervising and Monitoring Firm (SMF) with the technical capacity and operational expertise to oversee the performance of the contracted service providers.

The appointed SMF will serve as an independent agent of the Municipality, responsible for verifying compliance with service obligations, validating operational and financial data, identifying and reporting non-compliance, and providing regular feedback to the Municipality to support contract enforcement and service improvement.

The scope of work includes daily operational monitoring, compliance auditing, verification of payment claims, management of fare and trip data, incident reporting, and the preparation of detailed performance reports. The SMF will also serve as a liaison between the Municipality and operators on contract-related performance matters, helping to ensure that the services meet defined standards for reliability, accessibility, safety, and customer satisfaction.

This appointment is part of a broader effort by eThekwini Municipality to strengthen oversight mechanisms, improve accountability, and ensure that public transport services contribute meaningfully to the City's strategic goals for mobility, inclusion, and economic growth.

C3.1.2 PURPOSE OF THE DOCUMENT

The purpose of the document is to serve as a comprehensive procurement and contract document for the appointment of a professional service provider to carry out the Monitoring of the Public Transport Services for the eThekwini Municipality under the eThekwini Transport Authority.

In line with the Municipality's Integrated Public Transport Network (IPTN) strategy and broader developmental objectives, this project aims to support the implementation and enforcement of high-quality contracted transport services.

The objectives of the Municipality through the appointment of a Supervising and Monitoring Firm (SMF) are to:

C3.2.3 Improve Reliability and Quality of Services

Identify and address service gaps, delays, missed trips, and operator shortcomings through regular performance monitoring and feedback to enhance the commuter experience.

C3.2.4 Support Institutional Capacity

Strengthen the Municipality's ability to manage and enforce complex transport contracts by leveraging the expertise, systems, and technical support of the SMF.

C3.2.5 Protect Commuter Interests
