PAYMENT OF FOREIGN COMMITMENTS

PART 1: The application of importation payment requirements to tender submissions.

Where foreign exchange is involved, NTCSA will take measures to mitigate any exposure to foreign currency exposure or exchange rate risk.

Tenderers:-

- Who wish to submit tenders with pricing in foreign currency for imported goods/services must establish **prior** to tender close (via the Procurement Practitioner), that the foreign currency that is being priced in the submission, is an acceptable foreign currency to NTCSA.
- Who are pricing for imported goods/services in a foreign currency or linking their pricing of goods to a foreign currency exchange rate, **must be the direct importers** of the goods/services. For payment purposes, NTCSA will require proof of importation.
- Who import goods into stock, for delivery to various customers, including NTCSA, the price quoted must be in South African Rand. In such cases, NTCSA will not undertake any foreign exchange commitment or arrange forward cover.
- Who have submissions where pricing for imported goods/services in a foreign currency or linked to a foreign currency exchange rate, must ensure that their pricing indicates the foreign currency and the foreign currency values.

Fixed ZAR Option (Payment Method 3)

This option is available to those tenderers who are the direct importers of the goods/services for which they have tendered, but do not find Payment Methods 1A, 1B or 2 and allows tenderers to be responsible for the foreign currency and exchange rate risk. If a tenderer selects this payment method, the process is as follows:

- NTCSA and the successful tender will engage, on a simultaneous basis, with their respective bankers and compare the exchange rate/s obtained. This is done to ensure that any exchange rate/s used is/are market related.
- Tenderers will be required to match or better the exchange rate/s obtained by NTCSA. If the tenderer's exchange rate/s is/are more expensive than the exchange rate/s indicated by NTCSA, the exchange rate/s to convert the foreign values into ZAR will be the NTCSA exchange rate/s.
- Once the exchange rate/s has/have been agreed by both parties, NTCSA will not be liable for any further exchange rate adjustments.

From a Commercial perspective, please take note of the following:

- The foreign currency and foreign currency amount/s that NTCSA is/are at risk to, need/s to be indicated in the pricing schedule submitted as part of the tender. If the pricing schedule does not allow for it, the foreign currency and foreign currency amount/s must be indicated in a covering letter.
- The exchange rate to be used in the tender submission is the exchange rate sourced from the South African Reserve Bank on the date the tender is advertised/published.
- Due to the payments being made in ZAR, but based on an agreed exchange rate, the tenderer will be required to submit proof of importation at time of payment.

Take note of the following:

Service-related payment:

When specialist skills are required in South Africa, the local supplier will source the appropriate talent from their network of specialist companies overseas. The specialist is then brought into the country (South Africa) on one of two possible methodologies.

1) **Secondment**

In this approach, the foreign specialist retains their employment contract with their home unit (Employer overseas) but are seconded to the local company that has a contract with NTCSA to work under the direction and control of the local management. Their salaries are paid to the foreign specialist by their home country and that foreign entity then invoices the local supplier (South Africa) in foreign currency for the cost relating to such employees. The invoices would typically be in Euro or GBP, this methodology is usually for short to medium term engagements.

Documents to be attached for payment:

- Commercial invoice from the specialist company
- Local invoice (South African company making use of the specialist services)
- Passport of the specialist and valid work permit
- Activity schedule signed by the contract manager.

2) **Payroll Transfer**

In this approach, the employee's contract with the overseas employer will be suspended and the specialist takes up a local contract with the local company. The remuneration is then **ZAR** based, the overseas employer is unable to provide the foreign invoice because the employment with the specialist is suspended this methodology is usually favoured for long term engagement. There is no foreign commitment, and the contract will be in ZAR.

PART 2: EXCHANGE RATES

The tenderer shall use the exchange rate as at 12H00 on the date of the advertisement of the tender. The source of the exchange rates shall be the South African Reserve Bank (www.resbank.co.za)

Please note that the tenderer is required to submit proof of the SARB rate/s used.
