PROVISION OF GRASS CUTTING, GARDENING
AND WEED CONTROL SERVICES AT TRANSNET
SOC LTD OPERATING AS TRANSNET PORT
TERMINALS AT THE PORT OF
RICHARDS BAY, FOR A PERIOD OF TWELVE (12)
MONTHS ON AN "AS AND WHEN REQUIRED" BASIS.

Scope of Work

1. Project Overview

1.1. Introduction

The Transnet Port Terminal of Richards Bay is a material handling port primarily involved in the import and export of bulk and break-bulk cargo, mainly Magnetite, Chrome Ore, Coal and Ferro Chrome. The terminal is designed to receive eighty (80) percent (%) of its volumes via railway and only twenty (20) percent (%) via road trucks. There is a massive rail infrastructure that enables a fluid movement of trains in and out of the Port, with complimentary sidings for offloading. The port utilizes Tipplers, bulk material handling equipment and conveyors to facilitate the efficient movement and transfer of the cargoes from offloading points to stockpiles. This specialized handling ensures the smooth and safe loading and unloading of number of commodities, contributing to overall operations and logistics of the port.

It is also important to note that some areas within the port are covered by natural vegetation and man-made landscapes, which requires constant maintenance includes the upkeep of walkways along roads, rail sidings, rail shunting and storage yard, operational areas and galleries within the plant.

1.2 Executive Summary

The business has a requirement for the grass cutting, weed controlling and gardening service rail shunting yards, lawns, along conveyor galleries, roadsides and all operational areas that are covered with grass and vegetation as and when required in TPT RCB. Currently, most galleries have major spillages both on walkways and under the conveyors. Furthermore, the business prioritizes the safety of employees and all other stakeholders that have access to the operational area. The appointment of an external service provider to execute the grass cutting, weed controlling and gardening service in the terminal operational areas, shunting yards and lawns next to buildings and offices will speed up service delivery and improve the safety-working conditions of Transnet employees and other stakeholders as stipulated in Section 8 of Occupational Health and Safety Act No.85 of 1993.

Further to that Transnet Port Terminals in Richards Bay was found to be non-compliant with Section 28(1) of the National Environmental Management Act (Act No. 107 of 1998), which imposes a legal duty of care on all parties to prevent, minimize, or remedy environmental harm/pollution.

As a result of this non-compliance, the Department of Economic Development, Tourism and Environmental Affairs (EDTEA) issued both a Pre-Directive and a formal Directive to Transnet. These enforcement measures were taken to compel the terminal to take corrective actions in line with environmental legislation.

1.3 Employer's objective

The Employer's objective for this project is to implement a twelve (12) months contract for grass cutting, gardening and weed control service to ensure that the terminal premises are well maintained and present a safe, clean and aesthetically pleasing environment for employees, visitors and customers. Should neither option be possible, the Supplier may remove, with Transnet's prior written consent, such Goods and will pay to Transnet a sum equivalent to the purchase price.
