SECTION 1.2: TENDER CONDITIONS AND INFORMATION

1.2.1 General and Special Conditions of Contract

The General Conditions of Contract (GCC) as well as Special Conditions of Contract (SCC) forming part of this set of tender documents will be applicable to this tender in addition to the conditions of tender. Where the GCC and SCC are in conflict with one another, the stipulations of the SCC will prevail.

1.2.2 Acceptance or Rejection of a Tender

The Municipality reserves the right to withdraw any invitation to tender and/or to re-advertise or to reject any tender or to accept a part of it. The Municipality does not bind itself to accepting the lowest tender or the tender scoring the highest points.

1.2.3 Validity Period

Warrants that the tender offer(s) remains valid, irrevocable and open for acceptance by the Municipality at any time for a period of 150 days after the closing date stated on the front page of the tender document.

Notwithstanding the period stated above, the tender shall be deemed to remain valid, irrevocable and open for acceptance until formal acceptance by the Municipality at any time after the expiry of the original validity period, unless the Municipality is notified in writing of anything to the contrary (including any further conditions) by the tenderer. Any further conditions introduced by the supplier will be considered at the sole discretion of the Municipality.

1.2.4 Cost of Tender Documents

Payment for tender documents, if specified, must be made by cash or EFT payment in to Kareeberg Municipality bank account payable to the Kareeberg Municipality. These costs are non-refundable.

1.2.5 Registration on Accredited Supplier Database

It is expected of all prospective service providers who are not yet registered on the CSD to register without delay. The Municipality reserves the right not to award tenders to prospective suppliers who are not registered on the CSD.

1.2.6 Functionality Criteria

Tender will be evaluated according to the functionality criteria as set out in tender document.

1.2.7 Completion of Tender Documents

- a) The original tender document must be completed fully in black pen ink and signed by the authorised signatory to validate the tender. All the pages must be initialed by the authorised signatory and returned. Failure to do so may result in the disqualification of the tender.

1.2.8 Compulsory Documentation

1.2.8.1 Income Tax Clearance Certificate

- a) A valid original Income Tax Clearance Certificate and/or SARS unique PIN must accompany the bid documents unless the bidder is registered on the Accredited Supplier Database of the Municipality and the Municipality has a valid original Income Tax Clearance Certificate for the bidder on record. The onus is on the bidder to ensure that the Municipality has an original Income Tax Clearance Certificate on record and obtain written confirmation from the Supply Chain Management Unit of the Municipality. The letter of confirmation must be included in the tender documents. If the South African Revenue Services (SARS) cannot provide a valid original Income Tax Clearance Certificate, the bidder must submit a letter from SARS on an original SARS letterhead that their tax matters are in order.
- b) Bids not supported by a valid original Income Tax Clearance Certificate, either as an attachment to the bid documents or on record in the case of suppliers registered on the Supplier Database of the Municipality, will be disqualified.

1.2.8.3 Municipal Rates, Taxes and Charges

- a) A certified copy of the bidder's municipal account for the month preceding the tender closure date must accompany the tender documents.
- b) Any bidder which is or whose directors are in arrears with their municipal rates and taxes or municipal charges due to any Municipality or any of its entities for more than three months will be disqualified.

1.2.9 Authorised Signatory

- a) A copy of the recorded Resolution taken by the Board of Directors, members, partners or trustees authorising the representative to submit this bid on the bidder's behalf must be attached to the Bid Document on submission of same.
- b) A bid shall be eligible for consideration only if it bears the signature of the bidder or of some person duly and lawfully authorised to sign it for and on behalf of the bidder.

1.2.11 Samples

Samples, if requested, are to be provided to the Municipality with the tender document.

1.2.12 Quantities of Specific Items

If tenders are called for a specific number of items, Council reserves the right to change the number of such items to be higher or lower. The successful bidder will then be given an opportunity to evaluate the new scenario and inform the Municipality if it is acceptable. If the successful bidder does not accept the new scenario, it will be offered to the second-placed bidder. The process will be continued to the Municipality's satisfaction.

1.2.13 Submission of Tender

- (a) The tender must be placed in a sealed envelope, clearly marked with the tender number, title as well as closing date and time and be placed in the **tender box on the at the Kareeberg Municipality – 10 Hanau Street, Carnarvon, 8925 by not later than 12:00 on 06 August 2025.**
- (b) Faxed, e-mailed and late tenders will not be accepted. Tenders may be delivered by hand, by courier, or posted at the bidder's risk and must be received by the deadline specified above, irrespective of how they are sent or delivered.

1.2.14 Expenses Incurred in Preparation of Tender

The Municipality shall not be liable for any expenses incurred in the preparation and submission of the tender.

1.2.15 Contact with Municipality after Tender Closure Date

Bidders shall not contact the Kareeberg Municipality on any matter relating to their bid from the time of the opening of the bid to the time the contract is awarded. If a bidder wishes to bring additional information to the notice of the Kareeberg Municipality, it should do so in writing to the Kareeberg Municipality. Any effort by the firm to influence the Kareeberg Municipality in the bid evaluation, bid comparison or contract award decisions may result in the rejection of the bid.

1.2.16 Opening, Recording and Publications of Tenders Received

- (a) Tenders will be opened on the closing date immediately after the closing time specified in the tender documents. If requested by any bidder present, the names of the bidders, and if practical, the total amount of each bid and of any alternative bids will be read out aloud.
- (b) Details of tenders received in time will be published on the Municipality's website as well as recorded in a register which is open to public inspection.

1.2.17 Evaluation of Tenders

Tenders will be evaluated in terms of their responsiveness to the tender specifications and requirements as well as such additional criteria as set out in this set of tender documents.

1.2.18 Procurement Policy

Bids will be awarded in accordance with the Preferential Procurement Policy Framework Act, No 5 of 2000, the Preferential Procurement Regulations, 2017 as well as the Municipality's Supply Chain Management Policy.

1.2.19 Contract

The signing of both Parts of Section 5 of this bid document signifies the conclusion of the contract, thus it is imperative that the prospective bidder complete and sign Contract Form: Part One. Not completing and signing the mentioned contract will suggest that the bidder is not making an offer to the Municipality. The Municipality, at its discretion, may request the signing of an additional Service Level Agreement which, together with the signed tender document, will constitute the full agreement between the Municipality and the successful bidder. Upon acceptance of the preferred proposal by the Kareeberg Municipality, the Service Provider agrees and undertakes to be bound by the terms of the proposal submitted.

1.2.20 Language of Contract

The contract documents will be compiled in English and the English versions of all referred documents will be taken as applicable.

1.2.21 Extension of Contract

The contract with the successful bidder may be extended should additional funds become available.

1.2.22 Stamp and Other Duties

The successful bidder will be liable for all duties and costs on legal documents resulting in the establishment of a contract and for the surety and retentions.

1.2.23 Wrong Information Furnished

Where a contract has been awarded on the strength of the information furnished by the bidder which, after the conclusion of the relevant agreement, is proved to have been incorrect, the Municipality may, in addition to any other legal remedy it may have, recover from the contractor all costs, losses or damages incurred or sustained by the Municipality as a result of the award of the contract.

1.2.24 Enquiries

Enquiries in connection with this tender may be addressed to Mr Jasper van der Westhuizen at telephone (053) 382 3012 and specifications prior to the tender closure date,

1.3 GENERAL CONDITIONS OF CONTRACT

1. Definitions

1. The following terms shall be interpreted as indicated:

- 1.1 "Closing time" means the date and hour specified in the bidding documents for the receipt of bids.
- 1.2 "Contract" means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
- 1.3 "Contract price" means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
- 1.4 "Corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.
- 1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.
- 1.6 "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
- 1.7 "Day" means calendar day.
- 1.8 "Delivery" means delivery in compliance of the conditions of the contract or order.
- 1.9 "Delivery ex stock" means immediate delivery directly from stock actually on hand.
- 1.10 "Delivery into consignee's store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the goods are so delivered and a valid receipt is obtained.
- 1.11 "Dumping" occurs when a private enterprise abroad markets its goods on its own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
- 1.12 "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.
- 1.13 "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.14 "GCC" means the General Conditions of Contract.
- 1.15 "Goods" means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.16 "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the goods covered by the bid will be manufactured.
- 1.17 "Local content" means that portion of the bidding price, which is not included in the imported content provided that local manufacture does take place.
- 1.18 "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.19 "Order" means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.20 "Project site," where applicable, means the place indicated in bidding documents.
- 1.21 "Purchaser" means the organization purchasing the goods.
- 1.22 "Republic" means the Republic of South Africa.
- 1.23 "SCC" means the Special Conditions of Contract.

- 1.24 "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
- 1.25 "Supplier" means the successful bidder who is awarded the contract to maintain and administer the required and specified service(s) to the State.
- 1.26 "Tort" means in breach of contract.
- 1.27 "Turnkey" means a procurement process where one service provider assumes total responsibility for all aspects of the project and delivers the full end product / service required by the contract.
- 1.28 "Written" or "in writing" means hand-written in ink or any form of electronic or mechanical writing.

2. Application

- 2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services (excluding professional services related to the building and construction industry), sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.
- 2.2 Where applicable, special conditions of contract are also laid down to cover specific goods, services or works.
- 2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.

3. General

- 3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.
- 3.2 Invitations to bid are usually published in locally distributed news media and on the municipality/municipal entity website.

4. Standards

- 4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.

5. Use of contract documents and information inspection

- 5.1 The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.
- 5.2 The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.
- 5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.
- 5.4 The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.

6. Patent Rights

- 6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.
- 6.2 When a supplier developed documentation / projects for the municipality / municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality / municipal entity.

7. Performance security

- 7.1 Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.
- 7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms: (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or (b) a cashier's or certified cheque.

- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified.

8. Inspections, tests and analyses

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that goods to be produced or services to be rendered should at any stage be subject to inspections, tests and analyses, the bidder or contractor's premises shall be open, at all reasonable hours, for inspection by a representative of the purchaser or organization acting on behalf of the purchaser.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the goods to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the goods or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such goods or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Goods and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract goods may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected goods shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with goods, which do comply with the requirements of the contract. Failing such removal, the rejected goods shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute goods forth with, the purchaser may, without giving the supplier further opportunity to substitute the rejected goods, purchase such goods as may be necessary at the expense of the supplier.
- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 22 of GCC.

9. Packing

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

- 10.1 Delivery of the goods and arrangements for shipping and clearance obligations, shall be made by the supplier in accordance with the terms specified in the contract.

11. Insurance

- 11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.

12. Transportation

- 12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified.

13. Incidental Services

- 13.1 The supplier may be required to provide any or all of the following services, including additional services, if any:
- (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
 - (b) furnishing of tools required for assembly and/or maintenance of the supplied goods;

- (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and;
- (b) in the event of termination of production of the spare parts:
 - (i) advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
 - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified.

16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of other obligations stipulated in the contract.

16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.

16.4 Payment will be made in Rand unless otherwise stipulated.

17. Prices

17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.

18. Variation orders

- 18.1 In cases where the estimated value of the envisaged changes in purchase does not vary more than 20% of the total value of the original contract, the contractor may be instructed to deliver the goods or render the services as such. In cases of measurable quantities, the contractor may be approached to reduce the unit price, and such offers may be accepted provided that there is no escalation in price.
- 19. Assignment**
- 19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.
- 20. Subcontracts**
- 20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.
- 21. Delays in the supplier's performance**
- 21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
- 21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 21.3 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the goods are required, or the supplier's services are not readily available.
- 21.4 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22.2 without the application of penalties.
- 21.5 Upon any delay beyond the delivery period in the case of a goods contract, the purchaser shall, without cancelling the contract, be entitled to purchase goods of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.
- 22. Penalties**
- 22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.
- 23. Termination for default**
- 23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:
- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
 - (b) if the supplier fails to perform any other obligation(s) under the contract; or
 - (c) if the supplier, in the judgement of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.
- 23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner, as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

- 23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
- 23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction.
- 23.5 Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the purchaser actively associated.
- 23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:
- (i) the name and address of the supplier and / or person restricted by the purchaser;
 - (ii) (ii) the date of commencement of the restriction
 - (iii) the period of restriction; and
 - (iv) the reasons for the restriction. These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.
- 23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website

24. Antidumping and countervailing duties and rights

- 24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the supplier to the purchaser or the purchaser may deduct such amounts from moneys (if any) which may otherwise be due to the supplier in regard to goods or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him.

25. Force Majeure

- 25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure. 25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

- 26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy, which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

- 27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.
- 27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.
- 27.3 Should it not be possible to settle a dispute by means of mediation; it may be settled in a South African court of law.
- 27.4 Notwithstanding any reference to mediation and/or court proceedings herein, (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and (b) the purchaser shall pay the supplier any monies due the supplier for goods delivered and / or services rendered according to the prescripts of the contract.

28. Limitation of Liability

- 28.1 Except in cases of criminal negligence or will full misconduct, and in the case of infringement pursuant to Clause 6;
- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

29. Governing language

- 29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable law

- 30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified.

31. Notices

- 31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice.
- 31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.

32. Taxes and duties

- 32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.
- 32.2 A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.
- 32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid SARS must have certified that the tax matters of the preferred bidder are in order.
- 32.4 No contract shall be concluded with any bidder whose municipal rates and taxes and municipal services charges are in arrears.

33. Transfer of contracts

- 33.1 The contractor shall not abandon, transfer, cede assign or sublet a contract or part thereof without the written permission of the purchaser

34. Amendment of contracts

- 34.1 No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties. Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.

35. Prohibition of restrictive practices

- 35.1 In terms of section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, an agreement between, or concerted practice by, firms, or a decision by an association of firms, is prohibited if it is between parties in a horizontal relationship and if a bidder(s) is / are or a contractor(s) was / were involved in collusive bidding.
- 35.2 If a bidder(s) or contractor(s) based on reasonable grounds or evidence obtained by the purchaser has / have engaged in the restrictive practice referred to above, the purchaser may refer the matter to the Competition Commission for investigation and possible imposition of administrative penalties as contemplated in section 59 of the Competition Act No 89 Of 1998. 35.3 If a bidder(s) or contractor(s) has / have been found guilty by the Competition Commission of the restrictive practice referred to above, the purchaser may, in addition and without prejudice to any other remedy provided for, invalidate the bid(s) for such item(s) offered, and / or terminate the contract in whole or part, and / or restrict the bidder(s) or contractor(s) from conducting business with the public sector for a period not exceeding ten (10) years and / or claim damages from the bidder(s) or contractor(s) concerned.

SECTION 2.1: SPECIFICATIONS (SCOPE OF WORKS)

Scope of Works:

Specific Conditions:

1.0 General

- 1.1 This specification calls for the supply, delivery, and installation of steel masts for public lighting in accordance with SANS 10225.
- 1.2 The high masts are situated in Kareeberg Electricity's area of supply. Bidders are required to familiarise themselves with the area of supply.
- 1.3 The work under this contract shall be undertaken by a suitably qualified rigger with at least 5 years' experience undertaking similar highmast work to the satisfaction of the Senior Manager, Lighting Planning.
- 1.4 Isolation of the high mast lights is to be carried out by an electrician deemed competent in terms of Kareeberg Electricity's Codes of Practice and Safety Rules.

2.0 Security Measures

Part of the contract is to be undertaken in areas which are subject to sporadic violence and vehicle hijacking. The Contractor shall be willing to undertake the work in these areas without procrastination. The Contractor shall make provision for security in his bid price.

3.0 Normative references

All national and international standards referred to in this document shall form part of this specification. Where reference is made to a code, specification or standard the reference shall be taken to mean the latest edition of the code, specification or standard, including addenda, supplements and revisions thereto.

30m Galvanized Steel High Mast Pole Specifications

- 1. Height:** 30 meters (98.4 feet)
- 2. Material:** Galvanized steel (typically hot-dip galvanized for corrosion resistance)
- 3. Pole Diameter:** Varies, commonly between 300mm to 500mm at the base, tapering towards the top
- 4. Wall Thickness:** Typically ranges from 5mm to 10mm, depending on design and load requirements
- 5. Weight:** Approximately 800 kg to 1,200 kg (varies based on design and wall thickness)
- 6. Base Plate:**
 - **Size:** 600mm x 600mm
 - **Thickness:** 20mm to 25mm
 - **Bolt Holes:** Pre-drilled for anchor bolts
- 7. Anchor Bolts:**
 - **Quantity:** 4 to 8 bolts
 - **Diameter:** 20mm to 30mm
 - **Length:** Varies based on foundation design
- 8. Lighting Fixture Mounting:**
 - Top-mounted with a cross arm or bracket for multiple fixtures

- Designed to accommodate various lighting types (HPS, LED, etc.)

9. Wind Load Capacity: Designed to withstand specific wind loads, typically ranging from 100 km/h to 160 km/h, depending on local regulations and environmental conditions.

10. Corrosion Protection:

- Hot-dip galvanized finish (minimum 80 microns thickness)
- Optional additional coatings for enhanced protection

11. Foundation Requirements:

- Concrete foundation designed based on soil conditions and pole specifications
- Typical depth: 2m to 3m, depending on local codes

12. Accessories:

- Maintenance platform
- Lighting control system

Additional Considerations

Compliance:

Ensure compliance with local building codes and standards (e.g.ISO).

Design Standards:

Structural design should consider factors such as seismic activity and local environmental conditions.

Installation:

Professional installation recommended to ensure safety and adherence to specifications.

195W LED Light Technical Specifications

- 1. Wattage:** 195 Watts Omnistar ECO QE-N5366 AIGS IP C/W 2200K LED'S
- 2. Input Voltage:** 220V
- 3. Lamp Type:** LED
- 4. Lumen Output:** 20,000 to 31,000 lumens
- 5. Color Temperature:** Approximately 2200K to 3000K (Cool White)
- 6. Ballast Type:** Magnetic or electronic ballast
- 7. Ballast Factor:** Generally around 0.88 to 1.0
- 8. Fixture Type:** Open or enclosed fixtures, depending on application
- 9. Average Rated Life:** Approximately 24,000 hours
- 10. Dimensions:** Varies by manufacturer, but typically around 12-16 inches in length
- 11. Weight:** Approximately 10-15 lbs (varies by fixture)
- 12. Reflector Type:** Often includes a reflective coating for improved light distribution
- 13. Start Method:** Usually requires a starter for ignition
- 14. Operating Temperature:** Typically operates in a range of -20°C to +40°C (-4°F to 104°F)
- 15. Applications:** Commonly used in street lighting, industrial lighting, and horticulture.

4.0 Scope of Work

4.1 General

- 4.1.1 The Contractor shall be responsible for ensuring that he is fully conversant with the requirements of this specification. All masts shall comply fully with the requirements of SANS 10225 and this specification.
- 4.1.2 The masts shall be suitable for use at a mean altitude of 1 000 m above sea level in an environment subject to heavy industrial pollution at ambient temperatures of -5°C to 40°C
- 4.1.3 The masts will be installed in locations subject to high wind loading (as detailed in clause 4.2 below) and high lightning ground flash density (> 10 flashes/km²/year).
- 4.1.4 The masts shall be designed, approved and certified by an individual who is professionally registered with the Engineering Council of South Africa (ECSA) as a structural engineer in accordance with SANS 10225 and manufactured from new materials.
- 4.1.5 The successful tenderer must obtain all necessary wayleave applications and/or approvals as well as all clearances required.

4.2 Design

- 4.2.1 The masts shall be designed in accordance with SANS 10225 to support the required luminaires and shall incorporate vandal-proof measures to prevent easy access to the mast.
- 4.2.2 The successful bidder shall submit mast drawings and full foundation specifications including steel rebar design. Masts to be fitted with a bird spike at the top of mast
- 4.2.3 The steel masts, when loaded as detailed above, shall be capable of withstanding a fluctuating wind load in accordance with the requirements of SANS 10225. The terrain category shall be Category 2.
- 4.2.4 Under the conditions detailed in SANS 10225 and those given above, the horizontal and vertical deflections shall not exceed the requirements of SANS 10225.
 - 4.2.4.1 The maximum horizontal deflection at the spigot end, when subjected to two thirds of the design loading, shall not exceed 2,5 % of the developed length above ground.
 - 4.2.4.2 The maximum vertical deflection at the spigot end, when subjected

to the mass of the luminaries shall not exceed 1,5 % of the total length of the pole.

4.2.5 Masts may be of any hollow cross section and vertical profile meeting the requirements of this specification and SANS 10225.

4.2.6 The design of each mast shall be accompanied by a formal report consisting of comprehensive strength calculations and detailed drawings certified by a qualified professional structural engineer. These must be submitted with the bid document during the tender submission process. As this structural engineer will take full responsibility for the design of the masts.

4.2.7 The steel lighting masts shall be manufactured of grade S355 steel, in accordance with SANS 657. The steel used in the manufacture of the mast shall have an ultimate tensile strength of between 460 and 680 MPa.

4.3 Construction

4.3.1 All straight fixed masts and shall be supplied in two pieces.

4.3.2 All items, besides the straight masts, shall have unitary fixed portion and a unitary moveable portion.

4.3.3 Items 9 and 11 required with a separate 2 m section attached at the top by means of a slip joint and secured with three evenly spaced (at 120°) grub screws. The slip joint shall have the male portion on the lower portion of the mast. The upper and lower portions of the mast shall have the same diameter

on either side of the joint.

- 4.3.4 All changes in diameter shall be by means of swaging or continuous tapering. Under no circumstances will welded pieces (pipe reducers) inserted into the masts be accepted.
- 4.3.5 All joints shall be bevelled prior to welding and shall present a symmetrical appearance after welding. In addition, all joints (other than those designed for later assembly) shall be designed and manufactured to ensure that there is no ingress of water into the interior of the mast.
- 4.3.6 The earth stud shall be bonded to the mast so that connecting an earth conductor from an external source to it will have the effect of earthing the entire mast.
- 4.3.7 All two-piece masts shall have one M10 nut on both sides of the joint position, within 150 mm of the final joint position when the mast is in service. This is to facilitate bonding of the pieces so that the entire mast is effectively earthed.
- 4.3.8 All welding shall be continuous and in compliance with SANS 044, Parts 1 to 4. All welds shall be dressed where necessary.
- 4.3.9 After manufacturing is complete, but before galvanising may commence, masts shall have all weld slag removed by shot- or sandblasting and a visual inspection shall be carried out to ensure the efficiency of this operation. In addition, the masts shall be internally and externally degreased and all grit, loose rust, welding flux and spatter, rough edges and burrs shall be removed.
- 4.3.10 All masts shall be hot dip galvanised in accordance with SANS 121. The minimum thickness of the zinc layer shall be 90 µm. The process used shall comply completely with the requirements of SANS 121.
- 4.3.11 No material may be removed from the mast either mechanically or chemically after galvanising has been carried out.
- 4.3.12 All items shall be protected against corrosion by either hot-dip galvanising as detailed above or by being manufactured of stainless steel. All possibility of galvanic action shall be avoided.
- 4.3.13 All threaded articles shall use standard metric threads. External threads may not be undercut.
- 4.3.14 All masts shall have an earthing stud provided at the access hole and the top of the mast.
- 4.3.15 A weatherproof bitumastic compound must be filled in the space between the top of the concrete plinth and the underside of the mast base to protect the exposed holding-down bolts and prevent rodents from entering the mast.

- 4.3.16 Bidders shall provide their own vandal-proof measures that they deem necessary to secure the mast provided they use special tools and shall provide Kareeberg Electricity with 3 sets.

4.4 15m and 18m Hinged and internally counter balanced (Item 1, 2, 3, 4, 5, 6, 7, 8 and item 10)

- 4.4.1 The masts shall meet all the requirements of SANS 10225 whether in the fully raised or lowered position, or any point in-between.
- 4.4.2 The mast shall be constructed from flat steel sheets, cut and bent to form the continuously tapered mast comprising of a Base, Lid and Top section.
- 4.4.3 The mast shall be fitted with a base plate welded to the shaft and there shall be gussets welded between the mast shaft and base plate. The thickness of the baseplate must conform to the requirements of SANS 10225.
- 4.4.4 The lid section shall close over the base section when in the closed position
- 4.4.5 A safety chain shall link the hinged and fixed portions to prevent accidental lowering. The mast lid section must be secured to the base section with a removable safety chain which is removed only once the mast lid has been partially opened thereafter allowing the mast to be fully hinged.
- 4.4.6 All masts shall have an earthing stud provided at the access hole and the top of the mast.

- 4.4.7 The mast shall be hinged at the centre point allowing the top section housing the floodlights to be lowered to ground level with the upper section and lid section being always in a counterbalanced mode during the hinging process. Counterweights to be hot dipped galvanised steel.
- 4.4.8 Mast designs which require the temporary attachment of counterweights to the hinged portion before lowering and subsequent removal once raised will not be considered.
- 4.4.9 A mounting plate shall be provided in the base of the mast at the access opening. The baseplate shall be suitable for the installation of a distribution board and allow easy opening of the sliding front cover. The distribution board must be supplied and installed with a 10 amp MCB per luminaire. Successful bidder will supply all luminaires and circuit breakers and other associated components such as cable glands etc. Access to the Distribution Board shall only be possible once the mast has been partially hinged to the open position.
- 4.4.10 An electrical trailing cable shall run between the distribution board and a splitter box fixed to the crossarm housing the floodlights on the top of the mast.
- 4.4.11 All threaded articles shall use standard metric threads. External threads may not be undercut.
- 4.4.12 All welding shall be continuous and in compliance with SANS 044, Parts 1 to 4. All welds shall be dressed where necessary.
- 4.4.13 After manufacturing is complete, but before galvanising may commence, masts shall have all weld slag removed by shot- or sand-blasting and a visual inspection shall be carried out to ensure the efficiency of this operation. In addition, the masts shall be internally and externally degreased and all grit, loose rust, welding flux and spatter, rough edges and burrs shall be removed.
- 4.4.14 All masts shall be hot-dip galvanised in accordance with SANS 121. The minimum thickness of the zinc layer shall be 90 µm. The process used shall comply completely with the requirements of SANS 121.
- 4.4.15 No material may be removed from the mast either mechanically or chemically after galvanising has been carried out.
- 4.4.16 All items shall be protected against corrosion by either hot-dip galvanising as detailed above or by being manufactured of stainless steel. All possibility of galvanic action shall be avoided.

4.5 Electrical Connection to the Luminaires

- 4.5.1 A 2,5 mm, flexible, heavy-duty (thicker insulation and cable core) trailing cable, which runs over a separate set of Aluminum sheaves at the head frame, shall be provided. Sheaves shall be of Aluminum. The shafts shall be positively secured from rotating in their housings. The Aluminum sheaves shall be adequately sized to prevent deformation of the cable.
- 4.5.2 The trailing cable shall be firmly connected to the luminaire carriage at its one end and to the clevis plate at the other end. Suitable connectors with an IP44 rating shall be provided.
- 4.5.3 A fully enclosed distribution board shall be provided for mounting inside each mast with 1 x 10 amp MCB (curve 1) per luminaire.
 - 4.5.3.1 The recommended minimum value for the degrees of protection for the distribution board will be IP 30 as per SANS 60529, table C.1
 - 4.5.3.2 The installation and connection of components shall be in accordance with the manufacturer's instructions. Tightening of connections shall not alter the position of components. The tightness of components shall be checked.
 - 4.5.3.3 Distribution boards shall comply with SANS 1973-3.
- 4.5.4 Each luminaire to be protected by individual MCB.
- 4.5.5 The photo electric control unit (pecu) and luminaires will be supplied by the appointed service provider.

- 4.5.6 A Splitterbox (cable termination box) with IP65 rating shall be mounted on top of mast for the termination of the trailing cable and subsequent feed to each luminaire.
- 4.5.7 All circuit breakers and isolators shall comply fully with SANS 156 and SANS 60947-2.
 - 4.5.7.1 The MCCBs shall have a rupturing capacity of 5 kA and shall bear the mark of the S.A.B.S. and shall be accessible through cut outs in the cover without having to remove the cover.
 - 4.5.7.2 Each MCCB shall be legibly and indelibly marked in accordance with SANS 156.
 - 4.5.7.3 The MCCBs shall be type tested in accordance with SANS 156.
 - 4.5.7.4 Type test reports detailing the test procedures and test results on the MCCBs offered, shall be submitted with bid documents. The test reports shall be from a recognised test authority. Failure to provide details of tests called for may result in the rejection of the bid.
 - 4.5.7.5 Test curves showing the current-time characteristics of the MCCBs on thermal or magnetic operation shall be submitted.
- 4.5.8 All equipment shall be clearly marked with engraved labels. No stick-on embossed tape shall be used.
- 4.5.9 The distribution board shall be fully wired and ready for connection to the incoming supply cables.
- 4.5.10 All trenching and concreting of cable must be conducted by the contractor. Cable to be encased with 200mm concrete of 20mPa strength. Security personnel (grade D) to be employed overnight. At least one security guard should be employed per 100m cable length.
- 4.5.11 Contractor shall be responsible for handling and collecting of cable from Cable Yard and collection of luminaires from Main stores.
- 4.5.12 The successful tenderer shall appoint an electrical contractor who has been deemed competent by Kareeberg Electricity on Streetlighting and LV.
- 4.5.13 All masts shall be fitted with robust fibreglass DB with 3 x 60A single phase MCB's and 6 x 10A MCB's.

4.6 Access holes and cable entries

- 4.6.1 All masts shall have an access opening of 430 × 100 mm and at a height of 2500mm (measured to the top edge of the access cover) in order to accommodate the distribution board. All edges shall be free of burrs and protrusions.
- 4.6.3 A suitably curved impact-resistant steel cover of the same wall thickness as the mast at the access opening shall be fitted to cover the access opening. The cover plate shall fit

snugly against the mast and a silicon sealing gasket (approximately 2 mm thick) shall be provided for sealing the cover plate to the mast.

- 4.6.5 The cover plate shall be permanently secured to the mast by means of a fixing mechanism e.g. a chain onto both the cover plate and the mast and secured with tamper-proof recessed bolts.
- 4.6.6 Due to the prevalence of removal and theft of cover plates by vandals within the Kareeberg Electricity area of supply, preference will be given to designs where the cover sits flush with the exterior surface of the mast in order to prevent external leverage by means of tools and other implements.
- 4.6.7 Preference will also be given to alternative designs of vandal proof cover plate. Full technical details and working drawings must be supplied with such offers. Bidders shall provide their own vandal-proof measures that they deem necessary to secure the mast provided they use special tools and shall provide Kareeberg Electricity with 3 sets.

4.7 Inspection and testing

- 4.7.1 In addition to the requirements listed below, all masts shall comply with the test requirements of clause 7.12 of SANS 10225.
- 4.7.2 Kareeberg Electricity could appoint an independent test authority to act on its behalf. This inspection authority shall be allowed free access to any place where work for this contract is carried out, whether on site or at the place of manufacture.
- 4.7.3 The tenderer shall carry out all tests required by the inspection authority. The tests will be within the ambit of SANS 0198, SANS 10225 and SANS 121.
- 4.7.4 The authority may also require the welding on 10% of the masts to be radiographed and evaluated. The maximum width of any isolated slag inclusion shall not exceed 3 mm, and the total length of isolated slag inclusions in any continuous length of weld shall not exceed 4% of the length of that weld. In addition, no more than four isolated slag inclusions of a maximum width of 3 mm in this length shall be permitted.
- 4.7.5 In addition to the above, no cracks shall be permitted, and penetration, lack of fusion, undercutting and porosity shall receive attention.
- 4.7.6 In the event of masts failing, the entire consignment of masts shall be radiographed at the tenderer's expense. The masts will be individually accepted or rejected on the basis of these radiographs.
- 4.7.7 None of these provisions free the tenderer from any of the inspection and quality control requirements of SANS 10198, SANS 10225 and SANS 121.
- 4.7.8 All masts to be grouted between bottom of base and top of plinth using an

approved bitumastic compound on completion of erection and insertion of cable.

4.8 Packing and marking

4.8.1 A name plate must be riveted to the mast (before galvanising). 1500mm above ground level and directly below the cover plate with clearly visible 10mm stamped lettering with the following information:

- 4.8.1.1 the Contract number;
- 4.8.1.2 the manufacturer's name;
- 4.8.1.3 the mast size; and
- 4.8.1.4 the month and year of manufacture;
- 4.8.1.5 design windage load.

4.8.2 The lettering and numbers shall be clearly visible after hot-dip galvanizing.

4.8.3 Alternative methods of marking masts may be considered provided that a full description of the marking process shall be submitted with the bid documents.

4.8.4 The name plate and method of fixing shall have a service life at least equal to that of the mast, and shall remain in place and legible even if the mast suffers serious structural damage of any sort.

4.9 Foundations

4.9.1 Each mast shall be supplied with foundation bolts and baseplates. The bolts shall be hot dip galvanised over their entire length in compliance with SANS 121 (ISO 1461) 2000-1. Three galvanised nuts (one levelling and two fastening), two washers and one spring washer shall be supplied for each bolt. The number of foundation bolts shall be determined according to the design of the mast. All calculations shall be submitted.

4.9.2 A foundation plan, adequately designed for the conditions of this specification, and based on a soil bearing capacity of 150kPa, giving details of the reinforcing required shall be submitted. Soil pressure and overturning safety factor shall be stated.

4.9.3. All reinforcing and foundation bolts shall have a minimum of 100mm concrete cover. The 28 days cube strength of the concrete shall be 25 MPa.

4.9.4 All foundations shall have a circular flat base from which a square plinth shall rise to above the surrounding ground level to a minimum of 200mm above the highest section of ground level.

4.9.5 Two 100mm PVC, Class B cable sleeves with slow radius bends shall be provided from the centre of the top of the foundation plinth, through the concrete to a minimum of 0,5 metres below ground level on either side of the plinth. The 100mm sleeves shall be placed longitudinal to the roadway or access path. The plinth must protrude 200-250mm above the highest ground level.

- 4.9.6 After casting of the foundation, the slab shall be covered by earth, properly compacted. The area around the plinth shall be brought to the original level and shall be left neat and tidy.
- 4.9.7 Allowance must be made for the importing of suitable soil-fill if the existing ground material is unsuitable for replacement into the excavation. Excess soil and spoil material must be removed from site and delivered to a municipal dump site.
- 4.9.8 A 110mm pvc sleeve inserted into mast must be cut flush with mast foundation after installation and an HDG anti-vandal protective sleeve must be placed over foundation holding-down-bolts and bolts welded to plate and cold galvanised applied thereafter.

4.10 Earthing

- 4.10.1 The earthing system will consist of 2 x 1.8m earth spikes, installed under foundation and connected to foundation bolts via 70mm² copper conductors with brass clamps.

4.11 Specific Requirements for Item 1: 30 metre hinged and internally counter balanced steel mast with 6 x equivalent LED wattage or lumen package for 195W luminaires

- 4.11.1 Supply and installation of an 30 metre galvanised hinged and internally counter balanced steel mast for street lighting.
- 4.11.2 The mast shall carry at its top **6 x equivalent LED wattage or lumen package for 195W floodlight** luminaires arranged at 90 degrees or in a single sided configuration. Data on wind induced oscillations and the dynamic behaviour of the mast shall be submitted. The luminaires will be supplied by the appointed service provider and should be according to the specification.
- 4.11.3 The design of the mast must cater for a mass of 15kg per luminaire arranged in a circular configuration on a 6-way spigot adaptor, 90° apart.
- 4.11.4 A flexible, heavy-duty 6 core x 2,5 mm trailing cable, which runs over a separate set of Aluminium sheaves at the head frame, must be provided.
- 4.11.5 The following must be considered during the design and cost calculations of the high masts:
- Supply 3 x 30m mast with brackets and foundation bolts.
 - Internal fibreglass distribution board with 6 x 10amp mcb and 1 x

5amp mcb for pecu nema base, splitterbox and 6 core x 2,5 mm trailing cable.

- Concrete foundation including soil and concrete cube tests.
- Earthing: 2 x 1,2 m earth spikes.
- Delivery, assemble and installation of masts.
- Mounting and wiring of luminaires per fitting (6 x equivalent 195W or more LED package for 195W)

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2017

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2017.

1. GENERAL CONDITIONS

- 1.1 The following preference point systems are applicable to all bids:
- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
 - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).
- 1.2 The value of this bid is estimated to ~~exceed/not exceed~~ R50 000 000 (all applicable taxes included) and therefore the **80/20** preference point system shall be applicable; or
- 1.3 Points for this bid shall be awarded for:
- (a) Price; and
 - (b) B-BBEE Status Level of Contributor.
- 1.4 The maximum points for this bid are allocated as follows:

	POINTS
PRICE	80
B-BBEE STATUS LEVEL OF CONTRIBUTOR	20
➤ BBB-EE status level contributor max 10 points	
➤ Bidders Locality max 10 points	
• Registered in KBM 7 points	
• Bidders registered in Northern Cape 3 points	
Total points for Price and B-BBEE must not exceed	100

- 1.5 Failure on the part of a bidder to submit proof of B-BBEE Status level of contributor together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.
- 1.6 The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.
- 1.7 Failure on the part of a bidder to fill in, sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or a Registered Auditor

approved by the Independent Regulatory Board of Auditors (IRBA) or a Accounting Officer as contemplated in the Close Corporation Act (CCA), or a sworn affidavit (EME's and QSE's) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

- 1.8 If the contributor status level of a bidder changes after the closing date of the tender, the bidder must notify the municipality, as such a tender will not be eligible for any change in preference points, based on the change's status.

2. DEFINITIONS

- (a) **"B-BBEE"** means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;
- (b) **"B-BBEE status level of contributor"** means the B-BBEE status of an entity in terms of a code of good practice on black economic empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;
- (c) **"bid"** means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of goods or services, through price quotations, advertised competitive bidding processes or proposals;
- (d) **"Broad-Based Black Economic Empowerment Act"** means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- (e) **"EME"** means an Exempted Micro Enterprise in terms of a code of good practice on black economic empowerment issued in terms of section 9 (1) of the Broad-Based Black Economic Empowerment Act;
- (f) **"functionality"** means the ability of a tenderer to provide goods or services in accordance with specifications as set out in the tender documents.
- (g) **"prices"** includes all applicable taxes less all unconditional discounts;
- (h) **"proof of B-BBEE status level of contributor"** means:
 - 1) BBEE Status level certificate issued by an authorized body or person;
 - 2) A sworn affidavit as prescribed by the B-BBEE Codes of Good Practice;
 - 3) Any other requirement prescribed in terms of the B-BBEE Act;
- (i) **"QSE"** means a qualifying small business enterprise in terms of a code of good practice on black economic empowerment issued in terms of section 9 (1) of the Broad-Based Black Economic Empowerment Act;
- (j) **"rand value"** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;

3. POINTS AWARDED FOR PRICE

3.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20	or	90/10
$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$	or	$P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$

Where

Ps = Points scored for price of bid under consideration
 Pt = Price of bid under consideration

SECTION 3.8: MBD 9: CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids³ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).⁴ Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD9) must be completed and submitted with the bid:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

³ Includes price quotations, advertised competitive bids, limited bids and proposals.

⁴ Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read, and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - a. has been requested to submit a bid in response to this bid invitation;
 - b. could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - c. provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium⁵ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - a. prices;
 - b. geographical area where product or service will be rendered (market allocation);
 - c. methods, factors or formulas used to calculate prices;
 - d. the intention or decision to submit or not to submit, a bid;
 - e. the submission of a bid which does not meet the specifications and conditions of the bid; or
 - f. bidding with the intention not to win the bid.

⁵ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.
