ENVIRONMENT AND AGRICULTURE MANAGEMENT DEPARTMENT

Quotation for the appointment of a service provider to supply and deliver blesbok to the Rietvlei Nature Reserve within City of Tshwane

BID NUMBER

Q21-02-2023/24

1. INTRODUCTION AND PURPOSE

The aim of the quotation is to appoint a service provider (game capture company) to supply specific game species, Blesbok, to Rietvlei Nature Reserve within the City of Tshwane.

2. BACKGROUND

The service provider must supply the City with the animals required. These are mainly prey animals required to sustain the predator population where intervention is needed to sustain food chains (Cheetah Metapopulation Project conducted by the Endangered Wildlife Trust). It is also required to address possible inbreeding situations that are determined by the City's nature conservation staff members.

3. PROJECT SCOPE

Only game capturing companies must apply for the quotation because they are equipped and can comply with the legislation requirements to supply game. The City of Tshwane acknowledges that game capturing companies buy animals from game farms and nature reserves to sell to other end providers and must cover costs and make a profit for their business.

The prices should be market related and the City will have the right to accept any of the offers or parts of the offer. The City will not be liable for any losses or damages experienced by the service provider during animal delivering operations. The bidder will be responsible for any incorrect killing or injuries that may occur.

The service is required at Rietvlei Nature Reserve.

4. DELIVERABLES

The service provider is responsible for the application and acquisition of permits (transportation permit, possession permit and veterinary permit) before the commencement of the capture operation via the Gauteng Department of Agriculture and Rural Development Permits Office, as well as other provincial conservation authorities. Copies of permits for the full quota of animals, as specified in the quotation, should be provided to the relevant nature reserve before the commencement of the capture operation. Permits usually take from 14 to 30 days, depending on application and approval process.

The service provider must provide all the equipment, tools, material, and labour to conduct the operation. The service provider must make provision for transport, crates, and tranquilisers, where necessary.

Further, the operator must adhere to the conditions as outlined below.

Delivery of game to a dedicated nature reserve (Rietvlei Nature Reserve)	Estimated number of species required	Ratio

4.1 CONDITIONS OF THE ANIMAL PROVISION CONTRACT

- The City of Tshwane reserves the right to withhold part or the entire quotation before awarding the contract.
- The contractor must fulfil the entire contract within the specified time frame.
- No accommodation is available on any of the reserves and the successful contractor will need to make his/her own arrangements in this regard.
- It is the responsibility of the service provider to ensure that all legal requirements are met with the delivery of the game and the City of Tshwane will not be held responsible for the lack of permits by the deliverer.
- The responsibility of ownership of the animals is only transferred to the City of Tshwane as soon as the game is delivered to the nature reserve.
- Blesbok sex ratios are determined by the responsible nature conservationist and set as ration of 1 : 4, meaning one (1) male to four (4) females, these totals are provided to the contractor for the application to translocate (permits) blesbok.
- It is expected that the contractor will deliver young and healthy blesbok.
- The City of Tshwane reserves the right not to accept the best financial quotation, but to approve bidders based on competency, professional conduct, and efficient service.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
