

| <b>Query</b>             | <b>Zutari Query Description</b>  | <b>Client Response</b>  |
|--------------------------|--|---|
| 1.                       | Part T1:2, Section F.3: Employer's Undertakings, Table 2 refers. The Principal Consultant is required to have a qualification of a BSc Eng or BSc Architecture. Could you please advise whether a locally based BTech Eng qualification with a PR Tech Eng registration also be considered acceptable for this requirement?  | Yes, confirmed it is acceptable   |
| 2                        | T2.2.13.3, Mandatory Requirement 1.3 refers. We would like to clarify if these project references also need to be projects in countries ranked in the top 50 of the latest United Nations Human Development Index (HDI) as in T2.2.13.1, as the tables in T2.2.13.3 include a line 1.2 Latest City's UN HDI item.  | Yes that is correct. The works must be within those countries                                   |
| <b>Request by Zutari</b> |  |   |
| 1                        | May you please share the presentation that was displayed during the compulsory briefing session, if it is available? The link in the bid document does not open.   | Our apologies, our scm colleagues will source presentation from Mr Buthelezi and upload to site |
| 2.                       | C3.3.4.1 refers. It is indicated that for the purposes of these tender, layouts showing the various sites with spatial, cadastral and land use details will be emailed to each attendee after the compulsory site briefing session. Kindly share these with us if available please, the Zutari representative attending the compulsory briefing meeting has not received anything yet. | Our apologies, we will upload these layouts .   |
