

1. SCOPE OF WORK:

ERI LS WMS requires the disposal services of a licenced HCRW **facility**.

The facility must provide safe disposal certificates for the HCRW waste being disposed.

The facility must be based within the Gauteng Province.

Work Information
<p>Facility must provide safe disposal certificates with all applicable information and that are traceable e.g., identify generators of the waste and can be linked to the relevant manifests used.</p> <p>Facility to identify the costs associated with each requirement, including whether a minimum charge is applied to loads weighing less than a specified mass.</p> <p>The Facility may be requested to assist in the collection and transportation of HCRW from various clinics, on a “as and when” required basis, should ERI require such assistance – no guarantee that such services will be required / requested.</p>
<ul style="list-style-type: none">• Only license holders of the facility will be considered: Issued by DEA or GDARD
