

Note: Addendum 01

Security Clearance Vetting

The Service Provider/Supplier and all personnel to be deployed for this tender shall be subject to a security clearance vetting process conducted by, or on behalf of, the Employer.

Any personnel who fail to successfully obtain the required security clearance shall not be permitted to render services to the Employer. In such cases, the Service Provider/Supplier shall, within **forty-eight (48) hours**, provide a suitably qualified replacement personnel member who meets all contractual requirements, including successful security clearance vetting.

Should the Service Provider/Supplier fail to:

- ensure that its personnel pass the required security clearance vetting; or
- provide an approved replacement within the stipulated timeframe; or
- itself fail to pass the required security clearance vetting (where applicable),

the Employer reserves the right to **terminate the contract with immediate effect**, without prejudice to any other rights or remedies available under the contract or applicable law
