1. BACKGROUND ON BROADBAND INFRACO

Broadband Infraco SOC Limited in the initial mandate of SA Connect Phase 1 was allocated 6 135 government facilities for provision of 10Mbps Layer 2 services. However the project scope was significantly reduced and funding was only allocated for 970 government facilities due to budget cuts. National Treasury subsequently recommended that the 970 government facilities constitute Phase 1 and the remainder of Phase 1 facilities, i.e. 5 165 be included as part of Phase 2 program. Through the SA Connect Phase 2, the Government of South Africa wishes to launch a national project which will mobilise the capabilities, resources and energy of both the public and private sectors, together with civil society, in order to connect South Africans to each other and the world.

Broadband Infraco has received a budget allocation letter from National Treasury for Public Wi-Fi Hotspots connectivity under SA Connect Phase 2 program to commence in the beginning of 2023 financial year. Planned Public Wi-Fi hotspots and household connectivity will include extending access network from the existing and the planned BBI PoPs, Sentech base-stations and the broader ICT industries to the surrounding communities.

2. OBJECTIVE

Our primary need is to establish a panel of professional services providers for provision of wayleaves, environmental impact analysis, site acquisition, geo tech studies, fibre network design and structural design in the Eastern Cape as and when required for a period of 36 months.

1. BACKGROUND

Broadband Infraco SOC Limited in the initial mandate of SA Connect Phase 1 was allocated 6 135 government facilities for provision of 10Mbps Layer 2 services. However the project scope was significantly reduced and funding was only allocated for 970 government facilities due to budget cuts. National Treasury subsequently recommended that the 970 government facilities constitute Phase 1 and the remainder of Phase 1 facilities, i.e. 5 165 be included as part of Phase 2 program. Through the SA Connect Phase 2, the Government of South Africa wishes to launch a national project which will mobilise the capabilities, resources and energy of both the public and private sectors, together with civil society, in order to connect South Africans to each other and the world.

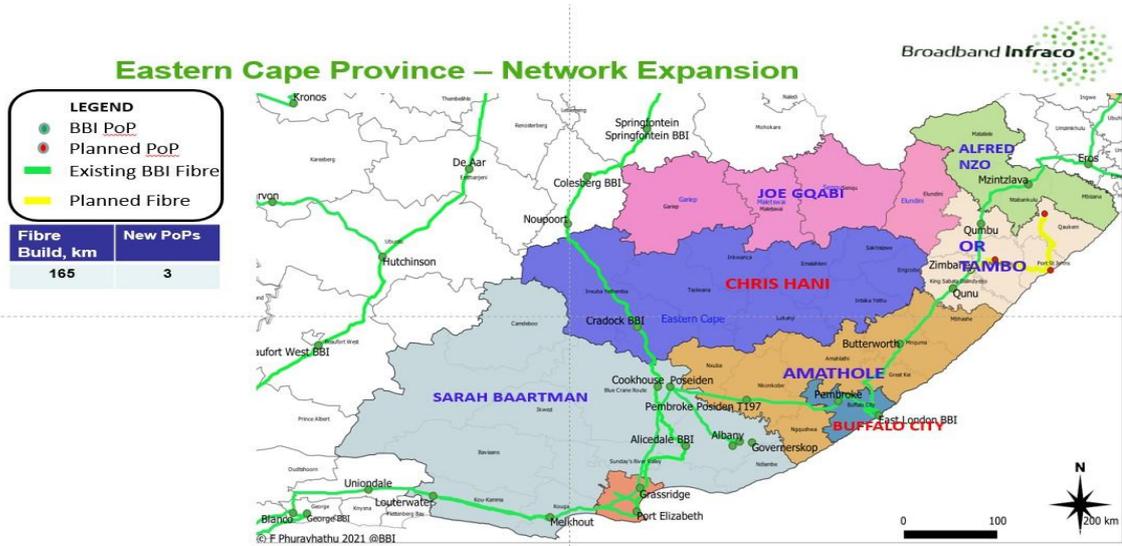

Broadband Infraco has received a budget allocation letter from National Treasury for Public Wi-Fi Hotspots connectivity under SA Connect Phase 2 program to commence in the beginning of 2023 financial year. Planned Public Wi-Fi hotspots and household connectivity will include extending access network from the existing and the planned BBI PoPs, Sentech base-stations and the broader ICT industries to the surrounding communities.
