TERMS OF REFERENCE FOR THE REVIEW OF THE LOCAL ECONOMIC DEVELOPMENT (LED) STRATEGY FOR CAPRICORN DISTRICT MUNICIPALITY

1. BACKGROUND INFORMATION

1.1. Project Name

Review of the Local Economic Development Strategy for Capricorn District Municipality

1.2. Background to the project

The current Capricorn District LED strategy was developed in back in 2014. In view of the requirements for local government to have a credible LED strategy in place, the current Economic Development Strategy needs to be reviewed to reflect the most recent local and regional development dynamics and include an implementation plan.

A lot has changed since the adoption of the 2014 Capricorn District LED strategy. The changes include the Covid 19 pandemic that sent shock waves through the world economy and triggered the largest global economic crisis in more than a century. Some of the sectors of our economy suffered as a result of this and some struggled to fully recover post Covid. Furthermore, the recent adaptation plan predicts drought in some of our municipal areas, and this may have a negative impact on the agricultural sector. Furthermore, there has been a release of the country's 2022 census which will have a direct impact in the projections associated with the local economic development.

The review of the LED strategy is thus necessary to align the strategy with the major changes our local economy experienced through the years as highlighted above; undertake an analysis of the current demographic, social and economic characteristics of the area and develop a strategy that will guide local economic development.

It is envisaged that the outcome of the review process will provide clear direction and guide the district in undertaking successful economic development initiatives based on the current regional economic situation and thus increase economic growth and development.

Consequently, as a result, proposals are requested from suitably qualified and experienced professional service providers to review the LED Strategy for Capricorn District Municipality.

The existing LED Strategy will be used as a baseline for the review.
