1. The following formula must be used to calculate the points out of 80 for price in respect of an invitation for a tender with a Rand value equal to or below R50 million, inclusive of all applicable taxes:

$$P_s = 80 - \left(\frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where-

Ps = Points scored for price of tender under consideration;

Pt = Price of tender under consideration; and

Pmin = Price of lowest acceptable tender.

2. A maximum of 20 points may be awarded to a tenderer for the specific goal specified for the tender. (The allocation of preference points for tenders above the quotation threshold to be decided and allocated per tender)

3. The points scored for the specific goal must be added to the points scored for price and the total must be rounded off to the nearest two decimal places.

4. Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

90/10 preference point system for acquisition of goods or services with Rand value above R50 million

1. The following formula must be used to calculate the points out 90 for price in respect of an invitation for tender with a Rand value above R50 million, inclusive of all applicable taxes:

Ps = Points scored for price of tender under consideration;

Pt = Price of tender under consideration; and

Pmin = Price of lowest acceptable tender.

2. A maximum of 10 points may be awarded to a tenderer for the specific goal specified for the tender. (The allocation of preference points for tenders above the quotation threshold to be decided and allocated per tender)

Where-

P_s = Points scored for price of tender under consideration;

P_t = Price of tender under consideration; and

P_{max} = Price of highest acceptable tender.

2. A maximum of 20 points may be awarded to a tenderer for the specific goal specified for the tender. (The allocation of preference points for tenders above the quotation threshold to be decided and allocated per tender)
3. The points scored for the specific goal must be added to the points scored for price and the total must be rounded off to the nearest two decimal places.

P_t = Price of tender under consideration; and

P_{max} = Price of highest acceptable tender.

3. The points scored for the specific goal must be added to the points scored for price and the total must be rounded off to the nearest two decimal places.

4. Subject to section 2(1) (f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

1. The regulation states that if feasible to contract above R 30 million, an organ of state must apply subcontracting to advance designated groups.
2. The term “feasible” is used in recognition of the fact that it may not always be possible to subcontract in all tenders due to the nature of some tenders. (For instance it may not be possible to sub-contract one piece of machinery that is above R 30 million).
3. Tswaing Local Municipality will identify procurement opportunities for designated groups where compulsory sub-contracting must be applied to all contracts/ projects above R30 million.
4. The responsibility to determine whether it is feasible or not rests with Tswaing Local Municipality. Tswaing Local Municipality must ensure participation of EMEs and QSEs in contracts or projects and not just dismiss this provision on the basis that it is not feasible without providing facts and objective analysis to substantiate their decision.
5. Notwithstanding the minimum 30% compulsory sub-contracting provision, Tswaing Local Municipality may identify procurement opportunities for participation of designated groups in contracts or projects below R30 million.
6. Tenders must be advertised with a condition that tenderers who fail to comply with this requirement would be disqualified.
7. The Central Supplier Database (CSD) has been upgraded to allow bidders/ contractors/ suppliers access to CSD for identification of potential subcontractors from the pool of EMEs or QSEs to advance designated groups.
8. In the case of construction and built environment sectors, nothing prevents bidders/ contractors/ suppliers to select sub-contractors from the CIDB database who are registered on the CSD for the purposes of compliance with the minimum 30% compulsory sub-contracting provisions.
9. Tenderers or contractors must submit proof of subcontracting arrangement between the main tenderer and the subcontractor. Proof of subcontracting arrangement may include a subcontracting agreement between main tenderer and the subcontractor.
10. The responsibility for inclusion of compulsory subcontracting clause in the tender rests with Tswaing Local Municipality.

11. The responsibility to sub-contract with competent and capable subcontractors rests with the main contractor/ supplier in conjunction with Tswaing Local Municipality.
12. The contract will be concluded between the main contractor and Tswaing Local Municipality, therefore, the main contractor and not the subcontractor would be held liable for performance in terms of its contractual obligations.
13. Main contractors/ suppliers are discouraged from subcontracting with their subsidiary companies as this may be interpreted as subcontracting with themselves and / or using their subsidiaries for fronting. Where primary contractor subcontracts with a subsidiary this must be declared in tender documents.
14. Tenders that do not meet subcontracting requirements are considered as being not acceptable tenders and must be disqualified and may not be considered for further evaluation or award.

Criteria for breaking deadlock in scoring

55. 1. If two or more tenderers score an equal total number of points, the contract must be awarded to the tenderer that scored the highest points for specific goals.
2. If two or more tenderers score equal total points in all respects, the award must be decided by the drawing of lots. Which must be conducted by the Bid Evaluation Committee.

Remedies

56. 1. If Tswaing Local Municipality is of the view that a tenderer submitted false information regarding a specific goal, it must—
 - a) Inform the tenderer accordingly; and
 - b) Give the tenderer an opportunity to make representations within 14 days as to why the tender may not be disqualified or, if the tender has already been awarded to the tenderer, the contract should not be terminated in whole or in part.
2. After considering the representations referred to in sub regulation (1)(b), Tswaing Local Municipality may, if it concludes that such information is false—
 - a) disqualify the tenderer or terminate the contract in whole or in part; and
 if applicable, claim damages from the tenderer.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
