1. PURPOSE

- 1.1 The purpose of these terms of reference is to establish a panel of service providers that meet the requirements of this bid process to Education, Training and Development (ETD) services encompassing generic, core and technical training services to the specific requirements of the Department as and when required over a period of three (3) years.

2. INTRODUCTION AND BACKGROUND

- 2.1. Directorate Employee Development is responsible for consolidating the personal development plans and developing the workplace skills plan that must be submitted to PSETA. The directorate is also responsible for the implementation of the training plan for the officials in the department. For this purpose, the Department implements training through Accredited Training Service Providers to address the following:
- Personal development plan,
 - Skills development,
 - Addressing the poor performance identified through performance assessment
- 2.2. The Department intends to implement the personal development plan, provide skills development and address the poor performance identified during the performance assessment. Accredited training refers to training based on registered qualifications by SAQA, bearing credits. Training is offered by providers accredited by the Sector Education and Training Authorities (SETAs), Quality Council for Trade and Occupations (QCTO), the Department of Education (DoE), uMalusi and CITI & Guilds, etc.
- 2.3. It is within this context that the Department of Forestry, Fisheries and the Environment (DFFE/The Department) wishes to request interested and suitably qualified and accredited Training Providers to express interest to be enlisted on the Department's panel, which will be used to source companies/organizations for appointment "as and when" a need arises.
- 2.4. Service providers can apply for more than one training intervention programme and will be evaluated based on a set criteria, and qualifying providers will be listed in the Department's panel of providers to implement accredited trainings.
- 2.5. The final number of Service Providers enlisted to the panel will be dependent on the quality of tenders submitted for the period of three years and the resultant scores achieved by the respective bidders as defined later in this tender document.

- 2.6. Once the panel is established, a closed competitive process will be followed in line with the Supply Chain Management policy. A fair and transparent process will be used for the selection of the Service providers on the panel as and when required by the department.
- 2.7. The Service Providers may be afforded more than one contract. Allocation of 2nd and subsequent contracts will depend on the service providers meeting capacity requirements and/or the previous performance in delivering training to the Department.
- 2.8. The Service Providers will be afforded the opportunity to prove capabilities in the delivery of training. Being part of the panel does not guarantee any work from the Department. Poor performance by the service provider will result in the notification of such performance and will be given an opportunity to rectify; failure thereof will lead to the termination of the contract and the removal from the panel.
- 2.9. The Service Providers will be required to confirm the availability of specific resources like subject specialists and facilitators as part of the training allocation and contracting process on an “as and when required basis, such process is undertaken. Not having suitable resources at the time of project allocation could result in a Service Provider being passed over until the next round of training project allocations.

3. OBJECTIVES OF THE PROPOSAL
