

ACSA RESPONSE TO BIDDERS QUESTIONS (CLARIFICATION)

COR7792/2025/RFP

Date: 08 May 2025

No.	Questions	Responses
1	Kindly assist with clarity so we will be submitting the sample on the later stage and how many sample for each item?	The shoe samples will be requested if you qualify on the Technical Functionality evaluation. The next step would be the shoe sample evaluation, only the shortlisted bidders will then be requested to provide shoe samples.
2	Kindly Note the Pricing Schedule SBD 3.3 Table has one Space for Pricing the safety boots even though there are two Options Shown on the Specifications. Is it Possible if the SBD 3.3 Pricing Schedule Table can be Amended to Have a Space for Safety Boots opt 1 and opt 2 Allowing to Price Accordingly as the Shoes Have Different Prices.	Yes, you may write safety boot option 1 and safety boot option 2. A line may be added for the different options or the prices can be written next to each other. Either way will be correct.
3	Im hereby submitting my inquiry regarding aforementioned bid for your attention in relation to sizes of the required specification.	We had indicated the range of sizes under each shoe description. The exact sizes will be communicated to the winning bidder.

4	Local content does not apply	No, it does not apply
5	What is the delivery address where orders will need to be delivered to	All deliveries will be site specific. This means that when the supplier is chosen, they will need to deliver to each site as per orders.
