NOTICE TO TENDERER

TENDER NO: 147Q/2023/24

BOX NO: 175

CLOSING DATE: 08 March 2024

**DESCRIPTION: THE CONSTRUCTION OF NON-MOTORISED TRANSPORT FACILITIES
AND UNIVERSAL ACCESS IN THE MITCHELLS PLAIN AREA**

This Notice to Tenderers (NT1) is to be recorded on schedule 24: Record of addenda to Tender Documents issued to Tenderers and bound into the tender document.

This Notice to Tenderers advises of the following:

1. All tenderers who have purchased a tender document for tender 147Q/2023/24 are provided with the minutes and presentation of the meeting.
2. The following question arose from meeting:

Question 1:

What is the anticipated date for the commencement with the construction of the Works?

Response:

The Employer noted that the anticipated commencement time for the construction stage will be in the next financial year between August and September 2024.

Question 2

What is the intention of removable kerb and does it not present a theft concern.

Response:

The removable kerb is meant to enhance cyclists' safety by providing a dedicated cycling facility on the existing road shoulders. The barrier kerb detail provided in drawing 312-00863/P/007 indicates that the bolts will be grouted into the road to avoid them being easily removed. Additionally, the kerbs are made of precast concrete which will reduce chances of theft.

The following documents form part of the Notice to Tenderer 1:

- Minutes of the clarification meeting held;
- Tender clarification presentation slides;
- Attendance Registers

Yours Sincerely,

For: **Director: Supply Chain Management**
