

Meeting Summary and Questions

In the meeting the technical criteria was discussed but the shifts was re-emphasised to make sure you will cater to the day shifts and the night shifts when pricing.

If you have not registered with Free State DOH you will be given six months to register with them after award but must present the DOH License upon tendering.

For Safety the Annexure C1 was also discussed, please make sure your Health and Safety Plan, Costing for Health and Safety management, Baseline OHS Risk Assessment, OHS policy signed by CEO, OHS Competency is in line to the SHE Specification. Even if you have safety rules and regulation, please do not erase your already existing rules just add to emphasize the SHE Specification. Please make sure all the points talk to the SHE specification.

Please note submissions are online, rather submit twice because it is the only submission acceptable.

QUESTIONS ASKED ON EMAIL

1. The document mentions the transportation of patients, please clarify who will be responsible for providing the ambulance vehicle?

Eskom, ER 24 and Netcare will be responsible for patients' transportation as per SLA (Service level Agreement)
