CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

1. PURPOSE

To appoint a service provider to facilitate development of the Lubombo Transfrontier Conservation Areas Integrated Development Plan over the period of six (6) months.

2. INTRODUCTION AND BACKGROUND

The Lubombo Transfrontier Conservation and Resource Area (Lubombo TFCA) is a conservation initiative between the Governments of the Republic of Mozambique, Republic of South Africa, and Kingdom of Eswatini. This initiative was formalised during the World Economic Forum Summit on 22 June 2000 through the signing of a General Transfrontier Conservation and Resource Area Protocol by the relevant political Heads. The spirit or object of the Protocol is to “promote sustainable development and utilisation of the natural resource base, the maintenance of a healthy environment, and holistic cross-border ecosystem management”.

Geographically, this TFCA is composed by the following components from the three member States. The Eswatini components include Malolotja Nature Reserve which is in the northern part of the country, and Mlawula Nature Reserve, and communal land (Mhlumeni and Mambane) in the eastern part as well as Nsubane Nature reserve in the southern part of the country. The South African components include Songimvelo Nature Reserve in Mpumalanga Province, Tembe Elephant Park, Ndumo Nature Reserve, iSimangaliso Wetland Park, Pongola Nature Reserve and few community conservation areas in the northern part of KwaZulu Natal province. In Mozambique, the components which form part of this TFCA include Maputo Special Reserve, Ponta do Ouro Partial Marine Reserve as well as Futi Corridor. The above-mentioned country components form part of the general Lubombo TFCA which is made up of five (5) individual sub-TFCAs spanning across two or three of the member countries. These Sub-TFCAs include:

- (i) Usuthu-Tembe-Futi TFCA which is between South Africa and Mozambique,
- (ii) (Ponta do Ouro-Kosi Bay which is a marine and coastal TFCA between South Africa and Mozambique,
- (iii) Lubombo Conservancy-Goba TFCA which is between Eswatini and the Mozambique;
- (iv) Songimvelo Malolotja TFCA which is between Eswatini and South Africa and lastly;
- (v) Nsubane-Pongola TFCA which is between Eswatini and South Africa

From a global perspective, this area is one of the most important areas of biodiversity and lies within the Maputaland Centre of Endemism which contains an exceptionally high number of species and is a zone of marked transition. This area contains many endemics, which are spread over the whole taxonomic spectrum making it the southernmost extent of the East African flora and fauna, and the northern most extent of many southern African species.
