1. Background Information

- 1.1 The Electoral Commission is a constitutional institution reporting directly to Parliament. The Electoral Commission was established in terms of the Electoral Commission Act (51 of 1996), which sets out the composition, powers, functions, and duties of the Electoral Commission. The objects of the Commission, as defined in section 4 of the Electoral Commission Act, 1996, are to strengthen constitutional democracy and promote democratic electoral processes. In addition to the above, the provisions in the Electoral Act, Act 73 of 1998 and the Local Government: Municipal Electoral Act 2000, Act 27 of 2000 respectively deal with the specific nature of conducting national, provincial, and local government elections.

21. **Appendix D: Bid Evaluation Criteria**

Stage 1: Assessment of Bidder's Disclosure

All bids received will be evaluated and assessed in respect of the mandatory information provided in the Bidder's Disclosure (SBD4) as well as the register for restricted suppliers and tender defaulters.

Any potential issues that may arise or transgressions that may be identified will be pursued in accordance with statutory obligations and requirements.

In this regard, the following must be noted:

The Electoral Commission must, as part of its supply chain management (SCM) processes, identify and manage all potential conflicts of interest and other disclosures made by a person participating in the procurement process to enable the accounting officer or delegated authority to make informed decisions about the person participating in the SCM process.

As such, the Bidders Disclosure form, issued as Standard Bidding Document (SBD) 4, attached as **Appendix A**, was extended to all entities which were invited to participate in the RFQ process.

As part of the evaluation of the procurement process, the information provided by a person on the SBD4 form must be evaluated.

In so doing, it must be noted that if the bid evaluation establishes that:

- a) a person within the bidding entity is an employee of the State, the Electoral Commission's Accounting Officer/accounting authority must request the relevant accounting officer/accounting authority whether the person-
 - i. Is prohibited from conducting business with the State in terms of Section 8 of the Public Administration Management Act, 2014; or
 - ii. has permission to perform other remunerative work outside of their employment, where the PAMA does not apply to such employees.
- b) the conduct of a person constitutes a transgression of the Prevention and Combating of Corrupt Activities Act, 2004.
- c) the conduct of a person constitutes a transgression of the Competition Act, 1998, the conduct must be reported to the Competition Commission; and

- d) the conduct of a person must be dealt with in terms of the prescripts applicable to the Electoral Commission.

If it is established that a person has committed a transgression in terms of the above, or any other transgression of SCM prescripts, the bid may be rejected, and the person may be restricted.

The Electoral Commission's Accounting Officer/accounting authority must inform the National Treasury of any action taken against a person within 30 days of implementing the action.

During the bid evaluation process, the Electoral Commission must in addition to other due diligence measures, establish if a person is not listed in-

- a) the Register of Tender Defaulters; and
- b) the list of restricted suppliers.

A bid related to a restricted bidder or tender defaulter shall be rejected.

The under-mentioned assessment criteria will be used to evaluate the elements relating to SBD4, CSD registration, tax compliance, restricted suppliers and tender defaulters.
