5.	TENDER TECHNICAL EVALUATION STRATEGY FOR UPGRADE OF DUVHA ELECTRIC COMPRESSORS AND DRYERS.pdf	/	/	ECSA Certificates	<p>ECSA Certificates – certified: As of 7 August 2025, ECSA has updated their verification platform to prevent fraud. No physical certificates are issued and only the online verification provides validation of authenticity.</p> <p>The client is requested to confirm the validity of all provided ECSA certificates and the registration status on the ECSA website: https://findregisteredpersonprod.powerappsportals.com/Who-is-Registered/</p> <p>A certified certificate is not proof of an active registration status which is what is required for project execution.</p> <ul style="list-style-type: none"> • The bidder requests that the verified ECSA certificates with Privyseal QR code be provided only; and that certification by a commissioner of oaths is waived. <p>The Privyseal ECSA certificate is the only acceptable form to show the current status of the professional status.</p>	<p>The client confirms acceptance of the updated ECSA verification process. Verified ECSA certificates containing the Privyseal QR code will be provided for all qualified personnel, reflecting active and current registration status. Certification by a commissioner of oaths is waived, and only online ECSA verification will be considered valid.</p>
