## INTRODUCTION TO THE NRF

The National Research Foundation Act as amended, Act 19 of 2018, establishes the National Research Foundation ("NRF") as the juristic legal entity that will contract with the awarded bidder. Please visit the NRF website (<https://www.nrf.ac.za>) for more information.

## BACKGROUND TO SARAO

The South African Radio Astronomy Observatory (SARAO) is the National Research Foundation's National Facility incorporating South Africa's radio astronomy instruments and programmes such as the MeerKAT and KAT-7 telescopes in the Karoo in the Northern Cape, the Hartebeesthoek Radio Astronomy Observatory (HartRAO) in Gauteng, the African Very Long Baseline Interferometry (AVN) programme in nine African countries as well as the associated human capital development and commercialisation endeavours. More information about SARAO is available from [www.sarao.ac.za](http://www.sarao.ac.za). More information about the international SKA project is available from [www.skatelescope.org](http://www.skatelescope.org).

## CONTEXT OF THE PROCUREMENT NEED

The SARAO Science Data Processing (SDP) section operates a significant computing system in support of the processing and storage of astronomy products of the various telescopes operated by SARAO. Due to ongoing storage demand, we require the upgrade of our tape storage system.

This bid is therefore for the supply and installation of new tape drives and media for the existing tape library (IBM TS4500) and to extend the warranty on the tape library by 5 years. The end result will be that the tape library will have six of the existing LTO-7 drives and six new LTO-9 drives.

SARAO also needs 900 LTO-9 tapes/media to be supplied, labelled and loaded into the tape library.

Having access to two generations of drive allows SDP to fulfil its requirements of shipping tapes to astronomy research centres. SDP will be able to ship data on LTO-6, LTO-7, LTO-8, and LTO-9 media. The availability of LTO-9 in the tape library will allow SDP to make use of the much higher density LTO-8 and LTO-9 media, thus extending the storage capacity of the tape library.

Interested parties must either be the Original Equipment Manufacturer (OEM) for the equipment specified, or an authorised reseller.

## THE BID SELECTION PROCESS

### STAGE 1 - SUBMISSION OF RETURNABLE DOCUMENTS AND SCHEDULES

Bids will be evaluated for compliance with the procedural requirements of this bid, which entails the completion and/or submission of the returnable documents and schedules specified in the Returnable Documents and Schedules Table on Page 7 below.

**NOTE:** Failure to comply with the mandatory requirements in this stage may result in bid disqualification. However, SARAO may apply the discretion to allow bidders to complete and/or sign returnable schedules not completed and/or signed in the first instance or to submit returnable documents not submitted in the first instance. Such returnable schedules or documents must be of a purely administrative nature, and may not pertain to the substance of the bid such as to affect the competitive position of bidders, by giving one or more bidders a second and unfair opportunity to augment the quality (substantive) aspects of their bid.

### STAGE 2 – FUNCTIONALITY EVALUATION

Bids will be evaluated against the functionality criteria outlined on Page 8 below.

**Bids which fail to meet the requirements of Stage 2 will be disqualified and not evaluated further in Stage 3.**

### STAGE 3 - PRICE AND PREFERENCE POINTS SCORING

Bid price proposals are compared on an equal and fair basis, taking into account all aspects of the bid pricing requirements. Qualifying bids are ranked on price and preference points claimed in the following manner -

- (i) **Price** – points are allocated for price in accordance with the formula as detailed in the Preference Claim Form (SBD 6.1);
- (ii) **B-BBEE** - points are allocated for B-BBEE as claimed in the SBD 6.1 Form, validated by a valid B-BBEE certificate, or sworn affidavit in the case of EMEs and QSEs.

## STAGE 1 – SUBMISSION OF RETURNABLE DOCUMENTS AND SCHEDULES

**NOTE:** All mandatory criteria need to be complied with to move on to the next stage of evaluation. All SBD forms indicated as mandatory must be completed and signed by bidders. However, SARAO may apply the discretion to allow bidders to complete and/or sign returnable schedules not completed and/or signed in the first instance or to submit returnable documents not submitted in the first instance. Such returnable schedules or documents must be of a purely administrative nature, and may not pertain to the substance of the bid such as to affect the competitive position of bidders by giving one or more bidders a second and unfair opportunity to augment the quality (substantive) aspects of their bid.

Each member of a joint venture, or consortium must submit the SBD 1; 4; and 6.1 returnable forms.

No second opportunity will be given to submit data sheets not submitted, except in the case where there is no competition (i.e. one bid is received) and therefore no prejudice will be suffered by any other bidder.

Similarly, disqualification will result where the specifications of the equipment offered fail to match the equipment specifications detailed in this bid document.

**NOTE:** Bidders must ensure that all the equipment specifications detailed in this document are evident on the data sheets submitted, or written up where not evident. This to eliminate the drawing of inferences as to compliance or the seeking of clarification from bidders, which delays the bid evaluation process.
