B. REQUEST FOR QUOTATION FOR GENERAL MACHINERY REGULATIONS 2 TRAINING

1. BACKGROUND TO SANSA

The South African National Space Agency (SANSA) has a mandate, as outlined in the South African National Space Agency Act, 2008 (Act No 36 of 2008), to co-ordinate and integrate national space science and technology programmes and conduct long-term planning and implementation of space-related activities in South Africa, for the benefit of the citizens of South Africa

2. SCOPE OF WORK (TERMS OF REFERENCE)

SANSA requires the services of a qualified Service Provider to conduct **GMR 2 training for 10 candidates, to be completed in one day on-site at SANSA Space Operations in Hartebeesthoek**. Upon successful completion of the course, competency certificates must be issued and provided for all trainees.

The course should include, but not be limited to, the following:

1. The purpose of the Occupational Health and Safety Act, in particular, the duties of the employer which should be carried out in order to comply with legal requirements and to safeguard the health and safety of employees in the workplace.
2. The legal requirements of the General Machinery Regulations.
3. The role and duties of the GMR 2 Appointee and what is defined as a competent person as per the GMR.
4. The legal requirements pertaining to the safeguarding and operation of machinery.
5. The safety requirements regarding the work on moving or electrically live machinery and devices to start and stop machinery.
6. The importance and legal requirements of reporting certain incidents in connection with machinery.
7. The legal requirements regarding notifiable substances.

This training must be in line with the requirements of the Occupational Health and Safety Act 85 of 1993

C. EVALUATION CRITERIA

SANSA promotes the concept of “best value” in the award of contracts, as opposed to merely looking for the cheapest price, which does not necessarily provide the best value. Best value incorporates the expertise, experience and technical proposal of the organisation and individuals who will be providing the service and the organisational capacity supporting the project team.

SANSA is committed to achieving Government's transformation objectives in terms of the Preferential Procurement Policy Framework Act.

The value of this bid is estimated not to exceed R1 million (all applicable taxes included) and therefore the **80/20** system shall be applicable.

Please Note: the above amount (R1 million) is not the budgeted amount for this project, but it is the Treasury threshold for written price quotations.

The procedure for the evaluation of responsive tenders is **price** and **preference** method. The evaluation of the bids will be conducted in the following two stages:

- Firstly, the submission will be evaluated to confirm if it meets the required scope of work as stated above. A bid will be disqualified if it fails to meet all the requirements for the scope of work.
- Thereafter, only the qualifying bids (meet the scope of work) are evaluated in terms of the 80/20 preference points systems, where the 80 points will be used for price and the 20 points will be awarded to a bidder for attaining the specific goals in accordance with the Table below.

1. Preference

Specific goals for this RFP and number of points are indicated as per table 1 below. Proof of the specific goals below must be attached and submitted with the bid document in order to qualify for the preference points (specific goals).

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.

Table 1: Specific Goals and points

Equity Ownership	Proof of evidence	Percentage owned ³	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)
