		Effective Date	03 March 2020		
		Review Date	March 2023		

Any exchange rate adjustment after Eskom has notified the supplier of the date and the rate which the forward cover is cancelled, will be for the account of the supplier.

Please note:

- The contracting party has to be the direct importer of the goods.
- This payment option is not applicable for the payment of services

Applicable (Y/N).....

An indemnity in writing confirming that the supplier will not buy forward cover is required where Payment Method 1 or 2 is contracted.

[Payment Method 2 must be accepted by the Commercial Policy and Procedure Manager before the tender documentation is sent out, but at the latest before the tender closing date. If it is not approved before tender closing, Payment Method 1 will be the default.]

Fixed ZAR pricing

The tenderer may elect to be responsible for the hedging of the exposure of the imported content. However, Eskom reserves the right to have line of sight of the exchange rates to be quoted by the tenderer. This entails a simultaneous exercise of the verification of the exchange rates to be used.

Applicable (Y/N).....

Please note: Eskom will require substantiating proof of importation at the time of invoicing, if payment methods 1A,1B and 2 are selected.

Where goods were previously imported into stock by the supplier, for delivery to various customers, including Eskom, the price quoted must be in South African Rand. In such cases Eskom will not undertake any foreign exchange commitment or arrange forward cover.

PART 2: EXCHANGE RATES

The tenderer shall use the exchange rate as at 12H00 on the date of the advertisement of the tender. The source of the exchange rates shall be the South African Reserve Bank (www.resbank.co.za)

Please note that the tenderer is required to submit proof of the SARB rate/s used.

PART 3: ADJUSTMENT OF IMPORTATION COSTS, ETC

The values in Rand included in the tender/contract price for the following costs shall be based on rates ruling for the month prior to the closing date of the tender and any variation in these rates applied to the value included in the tender price will be for Eskom's account.
