POPIA PRIVACY STATEMENT

Johannesburg Water SOC Limited

In terms of the Protection of Personal Information Act 213 (Act 4 of 2013), also called the POPI Act or POPIA, Johannesburg Water SOC Limited, undertakes all reasonable measures to protect personal information and to keep it private and confidential.

1. Privacy Notice applies to:

Suppliers, vendors, contractors, service providers, etc whether appointed or prospective.

2. Definitions of personal information

According to the Act "personal information" means information relating to an identifiable living, natural person, and where it is applicable, an identifiable, existing juristic person. All addresses including residential, postal and email addresses.

3. About the Public Entity

Johannesburg Water (SOC) Limited, registration number 2000/029271/30

3.1 The information we collect

We collect information directly from you where you provide us with your personal details. Where possible, we will inform you what information you are required to provide to us and what information is optional.

3.2 How Johannesburg Water use your information

We will use your personal information only for the purposes for which it was collected and agreed with you. For example: to gather contact information, to confirm and verify your identity, for the evaluation and adjudication of bids and quotations for tenders, request for quotations, and other personal information for the procurement of goods and services by the Entity.

3.3 Disclosure of information

We may disclose your personal information to our Shareholder, the City of Johannesburg, and other Government agencies such as National Treasury, and the Auditor-General of South Africa. We have agreements in place to ensure that they comply with the privacy requirements as required by the Protection of Personal Information Act.

Directors:

Ms Dineo Majavu (Chairperson), Mr Ntshavheni Mukwevho (Managing Director and Executive Director),
Mr Kgaugelo Mahlaba (Chief Financial Officer and Executive Director), Mr Siphon Mthembu, Ms Zandile Meeleso, Mr Pholoso Matjele,
Mr Molate Mashifane, Ms Pamela Mabece, Mr Collen Sambo, Mr Makoko Makgonye, Ms Thabiso Kutumela, Mr Kefiloe Mokoena

www.johannesburgwater.co.za

We may also disclose your information:

- Where we have a duty or a right to disclose in terms of law.
- Where we believe it is necessary to protect our rights.

3.4 Information Security

We are legally obliged to provide adequate protection for the personal information we hold and to stop unauthorised access and use of personal information. We will, on an ongoing basis, continue to review our security controls and related processes to ensure that your personal information remains secure.

When we contract with third parties, we impose appropriate security, privacy and confidentiality obligations on them to ensure that personal information that we remain responsible for is kept secure. We will ensure that anyone with whom we pass your personal information agrees to treat your information with the same level of protection as we are obliged to.

3.5 Your rights: Access to Information

You have the right to request a copy of the personal information we hold about you. To do this, simply contact us at informationofficer@jwater.co.za, and specify what information you require.

3.6 Correction of your personal information

You have the right to ask us to update, correct or delete your personal information. We will require a copy of your identification document to confirm your identity before making changes to personal information we may hold about you. We would appreciate it if you would keep your personal information accurate and up to date.

3.7 How to contact us

If you have any queries about this document; you need further information about our privacy practices; wish to withdraw consent; exercise preferences or access or correct your personal information, please contact us at the numbers listed on our website or send an email to informationofficer@jwater.co.za.

MBD 6.1

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

(delete whichever is not applicable for this tender).

- a) The applicable preference point system for this tender is the 90/10 preference point system.
- b) The applicable preference point system for this tender is the 80/20 preference point system.
- c) Either the 90/10 or 80/20 preference point system will be applicable in this tender. The lowest/highest acceptable tender will be used to determine the accurate system once tenders are received.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

Directors:

Ms Dineo Majavu (Chairperson), Mr Ntshavheni Mukwevho (Managing Director and Executive Director),
Mr Kgaugeto Mahlaba (Chief Financial Officer and Executive Director), Mr Siphon Mthembu, Ms Zandile Meeleso, Mr Pholoso Matjele,
Mr Molate Mashifane, Ms Pamela Mabece, Mr Collen Sambo, Mr Makoko Makgonye, Ms Thabiso Kutumela, Mr Kefiloe Mokoena

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS:	20
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation.
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“Rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$Ps = 80 \left(1 + \frac{Pt - Pmax}{Pmax} \right) \text{ or } Ps = 90 \left(1 + \frac{Pt - Pmax}{Pmax} \right)$$

Where

- Ps = Points scored for price of tender under consideration
- Pt = Price of tender under consideration
- Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
 - (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system: or
 - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system

Directors:

Ms Dineo Majavu (Chairperson), Mr Ntshavheni Mukwevho (Managing Director and Executive Director), Mr Kgaugelo Mahlaba (Chief Financial Officer and Executive Director), Mr Siphon Mthembu, Ms Zandile Meeleso, Mr Pholoso Matjele, Mr Molate Mashifane, Ms Pamela Mabece, Mr Collen Sambo, Mr Makoko Makgonye, Ms Thabiso Kutumela, Mr Kefiloe Mokoena

DECLARATION OF BIDDER'S PAST SUPPLY CHAIN MANAGEMENT PRACTICES

- 1 This Municipal Bidding Document must form part of all bids invited.
- 2 It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.
- 3 The bid of any bidder may be rejected if that bidder, or any of its directors have:
 - a. abused the municipality's / municipal entity's supply chain management system or committed any improper conduct in relation to such system.
 - b. been convicted for fraud or corruption during the past five years.
 - c. willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
 - d. been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).
- 4 **In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.**

Directors:

Ms Dineo Majavu (Chairperson), Mr Ntshavheni Mukwevho (Managing Director and Executive Director),
Mr Kgaugelo Mahlaba (Chief Financial Officer and Executive Director), Mr Siphon Mthembu, Ms Zandile Meeleso, Mr Pholoso Matjele,

MBD 9

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate.
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect.
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder.
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder.
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation.
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices.
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices.
 - (d) the intention or decision to submit or not to submit, a bid.
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

OCCUPATIONAL HEALTH & SAFETY (OHS) SPECIFICATION: BASELINE RISK ASSESSMENT

PROJECT NUMBER:	RFQ
PROJECT LOCATION:	Electro - Mech: Ffennell welding workshop
PROJECT DESCR:	Servicing and testing of lifting equipment and replacement of high bay lights

POSSIBLE RISKS FOR THIS PROJECT

Task	Hazard	Risk	Consequence	Rating	Controls
Business Management and Administration	✓ Non-compliance by contractor, non-provision of required mandatory documents	✓ Legal liability	✓ Delay of the project.	Moderate	✓ Directors shall ensure all legal documents are in place. Ensure full compliance with JW specification,
	✓ Use of incompetent workforce	✓ Poor quality of works.	✓ Damages of existing infrastructure	Moderate	✓ Contractor to ensure that all activities are done by competent personnel. ✓ Full time competent supervisor to be always available.
Safety file	✓ Unapproved safety file/ working without safety file	✓ Unsafe work conducted in the client's premises. ✓ Non-adherence to the client's safety requirements.	✓ Injuries, damage to property	High	✓ Compile safety file and submit it to the OHS department for approval. ✓ Ensure all employees are inducted. ✓ Risk Assessment, policies, safe working procedures to be communicated to all the workers. ✓ Ensure all inspection checklist and registers are in place and inspections are done accordingly.

Personnel Safety and Welfare	<ul style="list-style-type: none"> ✓ Potential exposure of unauthorized personnel who can be injured 	<ul style="list-style-type: none"> ✓ Injury to persons 	<ul style="list-style-type: none"> ✓ Public liability, 	Moderate	<ul style="list-style-type: none"> ✓ Site Hoarding ✓ Security measures (Visible Policing) ✓ Safety Signage ✓ Information / Induction of personnel & visitors ✓ PPE issue, maintenance and enforcement
Access control / entry and exit	<ul style="list-style-type: none"> ✓ Unauthorised entry to site ✓ 	<ul style="list-style-type: none"> ✓ Theft ✓ Criminal activities ✓ Injury to public ✓ Vehicle collision 	<ul style="list-style-type: none"> ✓ Injuries ✓ Loss of assets ✓ Property damage 	Moderate	<ul style="list-style-type: none"> ✓ Mandatory PPE to be used ✓ Conduct induction for employees, visitors and contractors. ✓ Driving with due care & attention ✓ Adherence to site safety signage ✓ Never block access and egress routes with materials and equipment ✓ Site tidiness maintained by cleaning up during work, at end of day and(major) weekly to avoid slips and trips – Clean as you go. ✓ No protruding nails allowed: all such nails must be clawed out or hammered flat so as to foot injuries
Transportation of material to site	<ul style="list-style-type: none"> ✓ Unsafe road conditions ✓ Un-road worthy vehicles 	<ul style="list-style-type: none"> ✓ Vehicle accidents/ collisions 	<ul style="list-style-type: none"> ✓ Personal injuries ✓ Property damage ✓ Third party liability 	Moderate	<ul style="list-style-type: none"> ✓ Adherence to the speed limit ✓ Only competent/ authorised drivers should operate the vehicle ✓ Inspection of vehicles

	<ul style="list-style-type: none"> ✓ Equipment and material not safely secured ✓ Incompetent drivers ✓ Driving under the influence of alcohol ✓ Inclement weather ✓ Speeding 				<ul style="list-style-type: none"> ✓ Equipment and material to be properly secured ✓ Alcohol testing to be done
Servicing of Crane	<ul style="list-style-type: none"> ✓ Faulty machinery ✓ Poor ergonomics ✓ Equipment (suspended load) falling on employees. ✓ Unsafe slings and guide ropes ✓ uneven surface 	<ul style="list-style-type: none"> ✓ Hands can be caught in between materials ✓ Obstructed walkways by materials ✓ Unsafe stacking of materials 	<ul style="list-style-type: none"> ✓ Injuries ✓ Back pains 	Moderate	<ul style="list-style-type: none"> ✓ Appoint a Competent Lifting Machinery Inspector ✓ LMI must be registered with Department of Employment & Labour ✓ The correct PPE must be worn ✓ Designate the areas to be isolated and signs must be in place ✓ Work to be done by competent person. ✓ All works involved shall be medically fit
Stripping or removal of old parts on the Crane	<ul style="list-style-type: none"> ✓ Old wires 	<ul style="list-style-type: none"> ✓ Awkward position 	<ul style="list-style-type: none"> Injury to personnel Equipment Damaged/Dropped 	High	<ul style="list-style-type: none"> ✓ HSE instructing at the working place before operations commencement / Inspection/ ✓ Trained Personnel / Follow procedures

	<ul style="list-style-type: none"> ✓ Loosening and fastening of items ✓ Handling of too heavy loads 	<ul style="list-style-type: none"> ✓ Pinching ✓ Fall ✓ Handling of heavy objects 	<ul style="list-style-type: none"> ✓ Finger cuts ✓ Back pain ✓ Muscle injuries if the load is too heavy 	Moderate	<ul style="list-style-type: none"> ✓ Use of correct tool for the job at hand ✓ When using spanners work away from your body ✓ Where possible use ring spanners when tightening bolts

					<ul style="list-style-type: none"> ✓ Do not work in an uncomfortable/ awkward position. ✓ Personnel should be aware of safe manual handling techniques ✓ Wear PPE, safety boots, gloves ✓ Awareness training for correct lifting methods, use of legs and not your back ✓ Ensure good housekeeping to eliminate tripping and falling hazards ✓ Employees to get assistance if the load is too heavy- team lift if possible ✓ Use mechanical lifting and carry aids where possible ✓ Personnel to ensure item being carried is properly bonded or is not liable to break apart whilst being manually handled
Hazardous Chemical Agents (HCA)	<ul style="list-style-type: none"> ✓ lubricating oils 	<ul style="list-style-type: none"> ✓ Not using HCS in accordance with MSDS ✓ Not wearing proper PPE 	<ul style="list-style-type: none"> ✓ Skin irritation ✓ Absorption of HCA through skin ✓ Eye irritation ✓ Injuries ✓ Fire 	Moderate	<ul style="list-style-type: none"> ✓ Use substances in accordance with MSDS, particularly reference PPE required. ✓ Regular inspection of all HCA ✓ First aider trained in regard to SDS requirements
Personal Protective Equipment (PPE)	<ul style="list-style-type: none"> ✓ Not wearing proper PPE 	<ul style="list-style-type: none"> ✓ Non adherence to PPE procedure 	<ul style="list-style-type: none"> ✓ Injuries ✓ Health conditions 	Moderate	<ul style="list-style-type: none"> ✓ All employees must be issued with the required PPE as identified in risk assessment ✓ Develop PPE procedure

					<ul style="list-style-type: none"> ✓ All employees to be trained in the use, maintenance and limitations of PPE ✓ Regular PPE inspections conducted by supervision ✓ Damaged PPE must be replaced immediately
Stacking and storage of tools and equipment	<ul style="list-style-type: none"> ✓ Heavy material ✓ Sharp protruding edges ✓ Unstable load ✓ Exposed hands ✓ Hot work 	<ul style="list-style-type: none"> ✓ Wrong lifting technique ✓ Skin contact ✓ Falling on employees ✓ Getting pinched ✓ Burns 	<ul style="list-style-type: none"> ✓ Back injuries ✓ Falling objects ✓ Injuries ✓ Burns 	Moderate	<ul style="list-style-type: none"> ✓ Training in proper lifting techniques ✓ Provide employees with gloves ✓ Ensure that the load is well supported ✓ Provide lifting machinery where load is too heavy.
Housekeeping	<ul style="list-style-type: none"> ✓ Poor housekeeping 	<ul style="list-style-type: none"> ✓ Trip and fall 	<ul style="list-style-type: none"> ✓ Trip and fall injuries 	Low	<ul style="list-style-type: none"> ✓ Remove all equipment/ tools that will not be needed for the tasks ✓ Clean all the areas after each task

RISK ASSESSMENT MATRIX

Likelihood	Consequences				
	Insignificant (minor problem easily handled by normal day to day processes)	Minor (Some disruption possible e.g., damage equal to R150k)	Moderate (significant time / resources required. E.g., damage equal to R500k)	Major (Operations severely damaged. E.g., damages equal to R1m)	Catastrophic (business survival is at risk. Damage equal to R5m – 10m)
Almost certain (90% chance)	High	High	Extreme	Extreme	Extreme
Likely (between 50-90%)	Moderate	High	High	Extreme	Extreme
Moderate (between 10-50%)	Low	Moderate	High	Extreme	Extreme
Unlikely (between 3-10%)	Low	Low	Moderate	High	Extreme
Rare (<3%)	Low	Low	Moderate	High	High

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

1. SCOPE OF WORK

Refurbishment of the access to the Glenvista Region (JW sites)

PURPOSE

The aim of the SHE specification is to ensure that any contractor which is appointed by Johannesburg Water to conduct any work complies with the SHE requirements of the SHE specification and any other legislative requirement applicable to the contract scope.

2. APPLICABILITY

This document is applicable to all contractors and suppliers conducting contractual activities for and on behalf of Johannesburg Water.

3. APPOINTMENTS

The contractor and its appointed sub-contractor must make the relevant legislative and non-statutory appointments, which must be maintained valid for the entire contract duration.

All appointees shall be suitably trained and found to be competent for the responsibilities there are assigned for.

Copies of all relevant appointments and the relevant competence certificates must be kept in the relevant SHE file.

Appoint:

1. Hand tool Inspector
2. Portable electrical tool Inspector
3. Evacuation Leader
4. Firefighter
5. Risk Assessor
6. Ladder Inspector
7. Construction Supervisor
8. Incident Investigator
9. First Aider
10. Confined space supervisor
11. Mobile plant and vehicle Operator
12. HCA Coordinator

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

4. INSURANCE

The contractor and all its appointed sub-contractor(s) shall be registered with an appropriate compensation commissioner and have a valid letter of good standing from commissioner. The contractor is responsible for ensuring the Letter of Good Standing is valid for the entire duration of the project/contract. A copy of the letter of Good Standing must be kept in the SHE file.

5. COSTING FOR SHE REQUIREMENTS

The contractor is responsible for ensuring that SHE costing is taken into consideration for the entire project/contract as this will ensure they comply with the SHE legislative requirements

6. INDUCTION

An initial induction shall be done with key personnel to familiarize them with the requirements on site and for compiling the SHE file.

Once labourers are appointed JW will conduct an induction on SHE requirements, and the contractor is also required to conduct their company specific induction

7. SUBMISSION OF SAFETY FILE

- Once appointed the contractor can submit their safety file for approval.
- Approval will be granted when the critical items have been sufficiently addressed.

8. RISK ASSESSMENT

- Every Contractor who has been appointed contractually to conduct work for Johannesburg water shall do compile a baseline risk assessment prior to starting with work, subject to the approval of the Client.
- Thereafter the task-based risk assessments will be done daily with every task being done.

9. SAFE WORKING PROCEDURES / METHOD STATEMENTS

The following method statements / safe working procedures must be compiled:

- Incident investigation, emergency plan, waste management plan, PPE procedure, hand tool procedure, hazardous chemical substance procedure.
- Method statement for the entire works.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

10. HAZARDOUS CHEMICAL SUBSTANCES (HCS)

Control of exposure to hazardous chemical agents

- An employer must ensure that the exposure of an employee is either prevented or, where this is not reasonably practicable, adequately controlled: Provided that—

(a) where there is exposure for which there is a restricted limit, the control of the exposure must be regarded as adequate if the level of exposure is below that limit or if the relevant area is zoned and the level of exposure is reduced to below that restricted limit by means of adequate personal protective equipment only after the level has been reduced to as low as is reasonably practicable by any other means than personal protective equipment; or

(b) where there is exposure for which there is a maximum limit, the control of the exposure must be regarded as adequate if the exposure is at a level as low as is reasonably practicable below that maximum limit: Provided that in the case of temporary excursions above the control limit, the employer must ensure—

- (i) that the excursion is without a significant risk from exposure;
- (ii) that the excursion is not indicative of a failure to maintain adequate control;
- (iii) that during the excursion, the area is temporarily demarcated and prescribed and identified as respirator zone; and
- (iv) that the provisions for personal protective equipment and facilities are complied with.

- Where reasonably practicable, the employer must control the exposure of an employee by
 - (a) limiting the amount of an HCA used, which may contaminate the working environment;
 - (b) limiting the number of employees who will be exposed or may be exposed;
 - (c) limiting the period during which an employee will be exposed or may be exposed;
 - (d) using a substitute for an HCA;
 - (e) introducing engineering control measures for the control of exposure, which may include:
 - (i) process separation, automation or enclosure;
 - (ii) the installation of local extraction ventilation systems to processes, equipment and tools for the control of emissions of an airborne HCA;
 - (iii) use of wet methods; and
 - (iv) separate workplaces for different processes; and

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

(f) introducing appropriate work procedures which an employee must follow where materials are used or processes are carried out which could give rise to exposure of an employee, and which procedures must include written instructions to ensure:

- (i) that an HCA is safely handled, used and disposed of;
- (ii) that process machinery, installations, equipment, tools and local extraction and general ventilation systems are safely used and maintained;
- (iii) that machinery and work areas are kept clean; and
- (iv) that early corrective action may be readily identified.

11. HAND TOOLS

Hand tools include anything from axes to wrenches. The greatest hazards posed by hand tools result from misuse and improper maintenance.

Some examples include the following:

- If a chisel is used as a screwdriver, the tip of the chisel may break and fly off, hitting the user or other employees.
- If a wooden handle on a tool, such as a hammer or an axe, is loose, splintered, or cracked, the head of the tool may fly off and strike the user or other employees.
- If the jaws of a wrench are sprung, the wrench might slip.
- If impact tools such as chisels, wedges, or drift pins have mushroomed heads, the heads might shatter on impact, sending sharp fragments flying toward the user or other employees. The employer is responsible for the safe condition of tools and equipment used by employees. Employers shall not issue or permit the use of unsafe hand tools. Employees should be trained in the proper use and handling of tools and equipment.
- Wrenches must not be used when jaws are sprung to the point that slippage occurs. Impact tools such as drift pins, wedges, and chisels must be kept free of mushroomed heads. The wooden handles of tools must not be splintered.
- Iron or steel hand tools may produce sparks that can be an ignition source around flammable substance. Where this hazard exists, spark-resistant tools made of non-ferrous materials should be used where flammable gases, highly volatile liquids, and other explosive substances are stored or used.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

12. PORTABLE ELECTRICAL TOOLS

Power tools must be fitted with guards and safety switches; they are extremely hazardous when used improperly. The types of power tools are determined by their power source: electric, pneumatic, liquid fuel, hydraulic, and po wider-actuated.

To prevent hazards associated with the use of power tools, workers should observe the following general precautions:

- Never carry a tool by the cord or hose.
- Never yank the cord or the hose to disconnect it from the receptacle.
- Keep cords and hoses away from heat, oil, and sharp edges.
- Disconnect tools when not using them, before servicing and cleaning them, and when changing accessories such as blades, bits, and cutters.
- Keep all people not involved with the work at a safe distance from the work area.
- Secure work with clamps or a vise, freeing both hands to operate the tool.
- Avoid accidental starting. Do not hold fingers on the switch button while carrying a plugged-in tool.
- Maintain tools with care; keep them sharp and clean for best performance.
- Follow instructions in the user's manual for lubricating and changing accessories.
- Be sure to keep good footing and maintain good balance when operating power tools.
- Wear proper apparel for the task. Loose clothing, ties, or jewelry can become caught in moving parts.
- Remove all damaged portable electric tools from use and tag them: "Do Not Use."

13. CONFINED SPACE

- Never enter a confined space without evaluating the potential atmospheric and physical risks.
- Never enter a confined space without proper certification and supervision.
- Never enter a confined space without someone outside equipped with rescue equipment.
- Use gas monitoring equipment to test confined spaces that could potentially harbor oxygen deficient, flammable, or toxic atmospheres before entering.
- Always wear the proper personal protective equipment before entering oxygen deficient, flammable, or toxic atmospheres.
- Leave a confined space immediately at the first sign of trouble, such as difficulty breathing.
- Always establish communication with someone standing outside the confined space.
- Make sure all potential physical hazards are minimized (such as energized machinery and electrical systems).

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

- Establish and periodically practice a confined space rescue plan tailored to your work environment.

Make sure everyone that will be working inside, standing outside, or supervising confined space work is properly trained on hazard assessment, atmospheric monitoring and emergency rescue

14. BACKFILLING

It is the responsibility of the services Provider to ensure that the bedding of the services is of adequate quality to prevent undue settlement, displacement and damage during backfilling.

The area around and directly above the services will first need to be backfilled with sand to the underside of the controlled pavement layers. This material must be well compacted around and above the services to ensure that there are no voids that may cause settlement of the back-fill materials. No mechanical vibratory compaction equipment should be used less than 400mm vertically above the crown of service ducts or pipes. In this zone, manual means of compaction should be used.

Care should also be taken to ensure that no damage is caused to the service installation. Backfilling above the backfill material immediately surrounding the service ducts should be brought up in layers not exceeding 150 mm in depth with each layer compacted to the specified density using appropriate compaction equipment.

15. COMPACTION

- Before compaction, make sure the dirt is ready to be compacted. You do not want soil that is “too wet” or “too dry” before compaction. To test this, grab a handful of dirt and squeeze it in your hand. It should not break apart. If it is in one piece after you squeeze the dirt in your hand, then the soil is ready for compaction.

16. MEDICAL SCREENING REQUIREMENTS

- The contractor shall ensure that a medical surveillance programme is implemented for all employees.
- The medical examination shall be conducted in line with the employee job profile/job description.
- A valid medical fitness certificate must be submitted together with the SHE File for approval for all employees who will be doing work for Johannesburg Water.
- Any employee(s) who are declared conditionally fit must be provided with employment which does not aggravate their medical condition as to endanger themselves or other employees.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

- The following tests shall be done:
 - Audiograms.
 - A cardio-respiratory examination
 - Lung function tests.
 - Eye/ sight tests.
 - A general physical examination.
 - A review of previous medical history.
 - Blood pressure tests
 - Glucose tests
 - Vaccinations (Hepatitis A & Typhoid).

17. TOOLBOX TALKS

- The contractor shall ensure they conduct toolbox talks with their employees on a weekly basis and records of these must be kept in the SHE file.
- The objective of toolbox talks should be to communicate relevant site information to assist in improvement of occupational health and safety performance.
- Employees must acknowledge the receipt of toolbox talks and this record must also be kept in the SHE file.

18. PERSONAL PROTECTIVE EQUIPMENT (PPE)

- Contractor must issue their employees SABS approved PPE. A copy of the PPE issue register signed by the employee issued with the PPE must be kept in the SHE file.
- Contractor Supervisor are required to conduct continuous inspections of the PPE issued to their employees to ensure that they are still in good condition to be used by the employee or they still comply with manufacture requirements.
- The contractor is responsible for ensuring that employees are trained on the safe use of the PPE issued to them, how to maintain it and the limitations of the PPE.
- NO SHORTS OR DRESSES WILL BE ALLOWED ON SITE

19. WORKPLACE SIGNAGE

- Appropriate symbolic signage must be displayed where it is required by legislation.
- Appropriate warning, mandatory and information signs must be placed where required.
- All signs must comply to SANS/SABS requirements.
- Contractors shall use mandatory and prescribed symbolic safety signs at their lay down and site areas.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

20. INCIDENT REPORTING AND INVESTIGATION

- All incidents shall be reported to the Client before the end of the shift or within 24hrs of occurrence.
- Section 24 incidents shall be reported to DOL using the prescribed format.
- The contractor shall develop an incident management procedure and communicate with all employees.

21. NOTIFICATION OF CONSTRUCTION WORK

- The contractor shall notify the DOL in the prescribed format of the intended work prior to work.

22. COMPLIANCE MONITORING

- Weekly inspections and monthly audits will be conducted on site.

23. PROJECT COMPLETION

- Upon completion of the project the SHE file shall be returned to the Client for retention and close out.
