Introduction

Consistent to the purpose of the Housing Development Agency (HDA), as contained in the Housing Development Agency Act, No. 23 of 2008, their purpose is to fast-track land acquisition and housing development services to creating sustainable human settlements. As its primary activity, the HDA assembles state, private and communal land and releases it for development. In addition, the HDA provides project delivery support services to organs of state at Local, Provincial and national level. Informal settlements upgrading and project management services are a particular focus of the organization.

Background Information

A parent land parcel developed with pine timber homes “bungalows” was donated to the Municipality by a private company prior to 1994. The homes were already in a dire situation, and in the year 2000 Knysna Municipality took a Council resolution to legalize the matter and give ownership to occupants who are South Africans with Identity Documents.

The continued deterioration of the homes resulted in numerous requests for intervention by the affected community and leadership, culminated by an intergovernmental visit led by the Honourable Minister of Human Settlements, the Western Cape Government, the Garden Route District Municipality, the Knysna Municipality, and the HDA. The conditions on inspection necessitated that the intervention be given emergency prioritization.

In line with the scope of the intervention, the HDA conducted a preliminary assessment to determine the required interventions for 150 structures which are in poor condition. Based on the outcomes of the assessment and beneficiary profiling; a total of 124 bungalows were enumerated, with a preliminary total of 14 households being prioritized due to either the compromised structural integrity of their units and/or whether they are either elderly or disabled occupants living in the unit. It was therefore

recommended that the occupants be immediately relocated to temporal accommodation while government implements a long-term solution.

OBJECTIVE OF THE PROPOSED PROJECT

MUNICIPALITY	PROJECT NAME	PROJECT DESCRIPTION	NUMBER OF UNITS

The West, Khayaalethu is approximately 7km from the Knysna and 500km from Cape Town and to the East the township is approximately 260km from Gqeberha. The township is a residentially zoned, medium density settlement located inside the urban edge.

All these related projects will be characterised by their individual procurement processes in order to secure suitable contractors/service providers.
