ANNEXURE E

CONTRACT PRICE ADJUSTMENT (CPA) REQUIREMENTS FOR LOCAL GOODS AND SERVICES.

The application of contract price adjustment (CPA) to tender submissions

Note: This Section will not be applicable to Professional services contracts (See relevant section hereunder for guidelines on this).

1. Application of CPA

- CPA conditions may apply if the contractual duration is to be longer than 12 months.
- If the contractual duration will be less than or equal to 12 months, a fixed priced offer must be submitted.
- For contracts with a duration more than twelve (12) months, CPA will not be applicable for the first year. CPA will then only be applied from sixteen (16) months from the base date onwards.
- Failure to propose contract price adjustment, or submit a CPA formula with the tender submission, will result in the pricing being considered fixed and firm and the contract price will be treated as fixed for the duration of the contract.
- NTCSA will not accept Rate of Exchange adjustment to be included in any CPA formula.
- Local indices may not be used for CPA purposes for any imported component.
- There must be separate CPA formulae for local and foreign CPA. Local and foreign escalation may not be combined into one formula.

2. Tender Submissions

NTCSA Proposed CPA breakdown for Local Goods and Service

	15%	Fixed portion not subject to CPA				
Total	100%					

Note: Tenderers to take note that, if the NTCSA proposed CPA breakdown is not populated, they are required to refer to the Pricing Schedule in the NEC or other Contract or standalone Pricing Schedule for NTCSA's proposed CPA breakdown.

NTCSA CPA Conditions/Requirements

- Tenderers are required to submit CPA that is aligned to NTCSA's proposed CPA breakdown in this Tender; or Tenderers may submit an alternative CPA proposal from NTCSA's CPA proposal, and this will be considered if deemed acceptable to NTCSA;
- Note that for contracts exceeding a duration of 12 months if there is no CPA catered for by the tenderer; then prices will be deemed to be fixed, and the contract price will be deemed as fixed for the duration of the contract.
- A minimum of 15% of the total agreement value is to be fixed when a CPA formula is applied,
- Each CPA formula must add up to a final total of 100.
- Only official published CPA indices that are in the public domain must be used.
- No in-house indices may be used for CPA.
- There may be more than 1 CPA formula (Formula A, B, C etc) or a combination of all the cost components into 1 Formula (depending on how the pricing is to be submitted.
- If there are specific line items for Labour and Transport, individual Formulae might be used.

Note: NTCSA reserves the right to negotiate CPA terms and conditions during negotiations held with tenderers.

3. BASE DATE AND BASE PRICE

- In instances of indices or other references published monthly, the Base Date is to be the month before the month in which the Enquiry closes.
- In instances where the reference figures, e.g. market prices, are published daily or at intervals more than once a month; then the average for the month before the month in which the Enquiry closes should be used as the Base Price.

4. CPA FOR PROFESSIONAL SERVICES

- The preferred index to be used for adjusting these agreements is the country specific CPI Headline index.
- The price adjustment factor will be effective from each contractual anniversary of the contract date. This must be the average of the country specific CPI Headline index figures published for the last twelve-month period (cycle) ending before the contract anniversary date.
