

1. RFQ Title:

**Heavy duty A4/A3 laminator with sleeves for the ARC’s Biotechnology Platform
Building 38, ARC, Onderstepoort Campus**

2. Procurement Reference Number:

3. Project Background

The ARC BTP would like to obtain a new A4/A3 heavy duty lamination machine with the appropriate sleeves to allow the unit to laminate notices, etc. for placement within the building. All the supplied items must be new.

Please provide images on what is offered.

NB: Please attach Pictures for the items below, Failure to attach pictures with the description of the items the quotation will be disqualified.

Description	Quantity	Offer: Yes/No	Price of items
Delivery to the ARC Biotechnology Platform building, i.e. Building 38, 100 Old Soutpan Road (M35)	All items		
<ul style="list-style-type: none"> • Heavy duty laminator capable of laminating both A4 and A3 lamination pouches <i>from 2x 75 microns (150microns) to 2x 175 microns (350 microns)</i>. Offer to clearly indicate lamination thicknesses the instrument can perform. • A system capable of laminating thicker, e.g. 250 microns thick lamination pouches, would be an added advantage. • Please note that the system will be used frequently in an office environment and should therefore be for “office use” not just “home use”. <i>Heavy duty should be clearly indicated.</i> • CLEARLY provide the brand name, model, details on the model offered, and whether it is for office use, with an image of system. Failure to supply this information will mean disqualification. • Fast warmup (<2 min): Offer to clearly indicate this on the model offered • Auto shut off if not being used (< 40min): Offer to clearly indicate this on the model offered Lamination Speed: > 400 mm/min: Offer to clearly indicate this on the model offered 	1x		
<ul style="list-style-type: none"> • Pouches for A4 laminations, 150 microns thick (75 micron x 2), pack of 100 pouches 	4x		
<ul style="list-style-type: none"> • Pouches for A4 laminations, 250 microns thick (125 micron x 2), pack of 100 pouches 	4x		

<ul style="list-style-type: none">• Pouches for A3 laminations, 150 microns thick (75 micron x 2), pack of 100 pouches	4x
