

TECHNICAL EVALUATION CRITERIA - 0698979

The following technical assessment criteria for **LED Highbay Light** will be used to assess suppliers' technical submissions. Complete the following technical schedule B form, Handwrite sign and date.

Description	Units	Schedule A	Schedule B
Wattage	W	Required as per Specification	
Input Voltage	V	Required as per Specification	
Power Factor	-	Required as per Specification	
Lumen Output	lm	Required as per Specification	
Luminous efficacy ($\pm 5\%$)	lm/W	Required as per Specification	
Total Lamp Lumens	lm	Required as per Specification	
Luminaire Efficacy Rating	-	Required as per Specification	
Total luminaire watts	W	Required as per Specification	
Ballast Factor	-	Required as per Specification	
CIE type	-	Required as per Specification	
Basic Luminous Shape	-	Required as per Specification	
Body	-	Required as per Specification	
Lens	-	Required as per Specification	
LED chip	-	Required as per Specification	
IP Rating	-	Required as per Specification	
Colour Temperature	K	Required as per Specification	
Colour Rendering Index	-	Required as per Specification	
Beam angle	degrees	Required as per Specification	
Operating Temperatures	$^{\circ}\text{C}$	Required as per Specification	
Dimensions			
Width	mm	Required as per Specification	
Height	mm	Required as per Specification
