

ANNEXURE A – FUNCTIONAL SPECIFICATIONS

1. Scope of Work

SPECIFICATION

The authority (VMware account number: 446916417) would like to renew the existing VMware standard licensing on a 4 x Node HA cluster with 1 x VCSA for a period of 3 years. Each node in the VMware cluster has 2 x processor sockets.

The renewal must allow the authority to upgrade from version 6.7 to version 7 latest release.

In addition, the authority needs the ability to log calls directly with VMware support if necessary for the 3-year period.

The current license has the following features.

Linked Mode
Workflow Orchestration Engine
vCenter Multi-Hypervisor Manager
vCenter HA
vCenter Backup and Restore
vCenter Server Appliance Migration Tool
