SECTION 3: BACKGROUND, OVERVIEW AND SCOPE OF REQUIREMENTS

1 BACKGROUND

Homevale Wastewater treatment has been out of operation for more than two (2) years due to vandalism on the plant and cable theft, which has resulted in the non-operation of the treatment works. The non-operation of the Homevale wastewater treatment plant has resulted in wastewater being discharged into Kamfersdam. The Kamfersdam – Hotazel railway section runs through Kamfersdam which is currently at full capacity. The high-water levels led to the closure of the railway portion for over a length of 6000m. The submerged railway portion is between mast pole 3/9 and mast pole 3/18. The railway closure forces trains to be diverted through Macfarlane North of Kamfersdam, on the Klerksdorp – Beaconsfield section.

Transnet Freight Rail (TFR) Kimberley North Depot is the custodian of the railway assets on the Hotazel – Kimberley railway section, with a role that encompasses the maintenance of the railway line to ensure safe, available and efficient railway operations. To this extent TFR Kimberley seeks to appoint a service provider to pump wastewater from Kamfersdam to the Homevale wastewater treatment plant, thus lowering the waste to acceptable levels. This will enable TFR to carry out the necessary maintenance on the railway line, thus enabling the reinstatement of the railway line.

2 EXECUTIVE OVERVIEW

The selected Service provider(s) must share in the mission and business objectives of Transnet. These mutual goals will be met by meeting contractual requirements and new challenges in an environment of teamwork, joint participation, flexibility, innovation and open communications. In this spirit of partnership, Transnet and its Service provider(s) will study the current ways they do business to enhance current practices and support processes and systems. Such a partnership will allow Transnet to reach higher levels of quality, service and profitability.

Specifically, Transnet seeks to benefit from this partnership in the following ways:

- 2.1 Transnet must receive reduced cost of acquisition and improved service benefits resulting from the Service provider's economies of scale and streamlined service processes.
- 2.2 Transnet must achieve appropriate availability that meets user needs while reducing costs for both Transnet and the chosen Service provider(s).
- 2.3 Transnet must receive proactive improvements from the Supplier/Service provider with respect to supply/provision of Goods/Services and related processes.
- 2.4 Transnet's overall competitive advantage must be strengthened by the chosen Supplier/Service provider's leading edge technology and service delivery systems.
- 2.5 Transnet end users must be able to rely on the chosen Supplier/Service provider's personnel for service enquiries, recommendations and substitutions.
- 2.6 Transnet must reduce costs by streamlining its acquisition of Goods/Services, including managed service processes on a Group basis.

3 SCOPE OF REQUIREMENTS

Supply and installation of a pumping system complete with power supply, Pump control, Floating Pump set and HDPE pipeline from Kamfersdam to a settlement dam located at the existing WWTP pumphouse to lower of water levels at Kamfersdam in order to allow normal operations of trains on the railway. - a) Installation of mobile pumping facilities (mechanical & Electrical) at Kamfersdam, to pump water from Kamfersdam to the Homevale wastewater treatment plant, at pumping rate of between 600L/s and 650L/s
- b) Pumping 24 hours a day 7 days a week over a period of 4 months
- c) Provision of all the required pipes/material
- d) Pumping distance is 1km and head of 50m.

- c) Reduce or minimise treated effluent inflow to Kamfersdam, to maintain safe operating levels for the trains. This involves repairs and replacement of electrical and mechanical facilities in the Diversion Pump Station (Vandalised).
- d) Implement proper and tight security, in line with category of the works.

Respondents are to note that Transnet will round off final technical scores to the nearest 2 (two) decimal places for the purposes of determining whether the technical threshold has been met.

The minimum threshold for technical/functionality [Step Three] must be met or exceeded for a Respondent's Proposal to progress to Step Four for final evaluation

6.4 STEP FOUR: Evaluation and Final Weighted Scoring

a) Price Criteria [Weighted score 80 points]:

| Evaluation Criteria | RFP Reference |
|---------------------|------------------|
| • Commercial offer | <i>Section 4</i> |

Transnet will utilise the following formula in its evaluation of Price:

$$PS = 80 \left(1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where:

Ps = Score for the Bid under consideration

Pt = Price of Bid under consideration

Pmin = Price of lowest acceptable Bid

b) Broad-Based Black Economic Empowerment criteria [Weighted score 20 points]

- B-BBEE - current scorecard / B-BBEE Preference Points Claims Form
- Preference points will be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table indicated in Section 4.1 of the B-BBEE Preference Points Claim Form.

6.5 SUMMARY: Applicable Thresholds and Final Evaluated Weightings

| Thresholds | Minimum Threshold |
|------------|-------------------|
| Technical | 75 |

| Evaluation Criteria | Final Weighted Scores |
|---------------------|-----------------------|
| Price | 80 |
| B-BBEE - Scorecard | 20 |
| TOTAL SCORE: | 100 |

6.6 STEP FIVE: Post Tender Negotiations (if applicable)

- Respondents are to note that Transnet may not award a contract if the price offered is not market-related. In this regard, Transnet reserves the right to engage in PTN with the view to achieving a market-related price or to cancel the tender. Negotiations will be done in a sequential manner i.e.:
 - first negotiate with the highest ranked bidder or cancel the bid, should such negotiations fail,
 - negotiate with the 2nd and 3rd ranked bidders (if required) in a sequential manner.

- In the event of any Respondent being notified of such short-listed/preferred bidder status, his/her bid, as well as any subsequent negotiated best and final offers (BAFO), will automatically be deemed to remain valid during the negotiation period and until the ultimate award of business.
- Should Transnet conduct post tender negotiations, Respondents will be requested to provide their best and final offers to Transnet based on such negotiations. Where a market related price has been achieved through negotiation, the contract will be awarded to the successful Respondent(s).
- Over and above the negotiating of prices with the preferred bidder to get a market-related price, Transnet may engage preferred bidder(s) to negotiate reduced rates before or after the award of business to achieve cost effectiveness in all its contracts.

6.7 STEP SIX: Objective Criteria (if applicable)

Transnet reserves the right to award the business to the highest scoring bidder/s unless objective criteria justify the award to another bidder. The objective criteria Transnet may apply in this bid process include:

- all Risks identified during a risk assessment exercise/probity check (which may be conducted by an authorised third party) that would be done to assess all risks, including but not limited to:
 - Reputational and Brand risks

6.8 STEP SEVEN: Award of business and conclusion of contract

- Immediately after approval to award the contract has been received, the successful bidder(s) will be informed of the acceptance of his/their Bid by way of a Letter of Award. Thereafter the final contract will be concluded with the successful Respondent(s).
- A final contract will be concluded and entered into with the successful Bidder at the acceptance of a letter of award by the Respondent.

Notes to Pricing:

- a) Respondents are to note that if the price offered by the highest scoring bidder is not market-related, Transnet may not award the contract to that Respondent. Transnet may-
- (i) negotiate a market-related price with the Respondent scoring the highest points or cancel the RFP;
 - (ii) if that Respondent does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the second highest points or cancel the RFP;
 - (iii) if the Respondent scoring the second highest points does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the third highest points or cancel the RFP.

Respondent's Signature

Date & Company Stamp

- c) Any disbursement not specifically priced for will not be considered/accepted by Transnet.

Currency rate of exchange utilised: Rands (ZAR)
- j) Manufacturing and delivery lead time calculated from date of receipt of purchase order: _____ weeks.
- k) Respondents, if awarded the contract, are required to indicate that their prices quoted would be kept firm and fixed for the contract duration. [Not to be confused with bid validity period Section 2, clause 1]
