## 1. PURPOSE

1.1. The purpose is to appoint *independent* experts as part of a Departmental Appeal Panel Database for a three (03) year period, available for appointment as members of an appeal panel as and when required, to advise the Minister responsible for Forestry, Fisheries and the Environment (the Minister), on appeals lodged in terms of the National Environmental Management Act, 1998 (Act No. 107 of 1998), as amended (NEMA), or any Specific Environmental Management Act (SEMA), as amended.

1.2. Essential to these appointments is the fact that the experts must be independent. Regulation 1 of the National Appeal Regulations, 2014 (2014 Appeal Regulations), defines the word “*independent*” as follows:

*“Independent”, in relation to a person appointed as a member of an appeal panel or a person providing an appeal authority with expert advice as contemplated in regulation 6 of these Regulations, means-*

- a. That such a person has no business, financial, personal, or other interest in the appeal in respect of which that person is appointed in terms of these Regulations other than fair remuneration for work performed in connection with that appeal; and*
- b. that there are no circumstances that may compromise the objectivity of that person in performing such work”.*

## 2. INTRODUCTION AND BACKGROUND

2.1 Section 43 of NEMA designates the Minister as the appeal authority for a decision made by a delegated official in terms of NEMA or a SEMA. The Minister is also the appeal authority for decisions made in terms of NEMA by the Minister responsible for Mineral Resources and Energy (DMRE), or his delegated official.

2.2 The empowering provision in terms of NEMA that govern the appointment of an appeal panel is contained in section 43(5), which reads as follows:

*“The Minister or an MEC as the case may be, may consider and decide an appeal or appoint an appeal panel to consider and advise the Minister or MEC on appeal”.*

2.3 Regulation 6 of the 2014 Appeal Regulations regulates the appointment of an appeal panel and provides as follows:

*“Appeal panel*

*6. (1) If the appeal authority reasonably believes that expert advice must be sought or that an appeal panel must be appointed, the appeal administrator must source independent expert advice or constitute an independent appeal panel, or both, within 10 days from the date of receipt of an instruction from the appeal authority.*

*(2) The independent expert or an independent appeal panel must provide advice to the appeal administrator within 10 days from the receipt of an instruction from the appeal administrator”.*

- 2.4 In light of the nature and technical complexity of appeals lodged in terms of NEMA or SEMA, the service of independent experts is required, with relevant expertise and proven extensive experience in environmental matters, to advise the Minister on appeals, as and when required.
- 2.5 As the Departmental supply chain processes are quite lengthy, it is impossible for the Directorate: Appeals and Legal Review (Appeals Directorate) within the Department to finalise an appointment process for each appeal panel within the timeframes prescribed by the 2014 Appeal Regulations (which is 10 calendar days from receipt of an instruction from the appeal authority). Therefore, there is a need to have the independent experts readily available on a Departmental Appeal Panel Database for appointment as part of an appeal panel within the timeframes prescribed by the 2014 Appeal Regulations.

### 3. OBJECTIVE

- 3.1 To establish a Departmental Appeal Panel Database of independent experts for a period of three consecutive years, to enable the Minister to appoint them as part of an appeal panel to provide their expertise on the appeals, as and when required, based on the nature and complexity of such appeals.

### 4. SCOPE AND EXTENT OF WORK

- 4.1 The following will be required from the independent expert, **with a focus on the expert's field of expertise**:

Work to be undertaken	Deliverables to the Department
<b>Output 1: Study</b> Study all relevant documentation pertaining to the appeal.	Summary report.
<b>Output 2: Site Inspection</b> If required, in the view of the Department, undertake a site inspection at the project in issue, and where necessary undertake sampling, monitoring and ground-truthing.	Site inspection report accompanied by pictures.
<b>Output 3: Evaluation of appeal documentation</b>	Final Report, containing the following:

Work to be undertaken	Deliverables to the Department
<p>Evaluate all relevant information pertaining to the appeal against the expert's expertise and findings of the site inspection and monitoring/ sampling, including (but not limited to):</p> <ul style="list-style-type: none"> <li>• Grounds of appeal.</li> <li>• Responding statements.</li> <li>• Answering statements, if any.</li> <li>• Environmental reports and associated specialist reports.</li> </ul> <p>Assess the methodology adopted by the respective specialists in depth against national, as well as other relevant international laws, standards and guidelines.</p> <p>Develop an expert opinion on whether the grounds of appeal relevant to their field of expertise are valid/ not.</p> <p>Take into consideration the statutory obligations of the Department, and any other relevant authorities and allocate responsibility based on the regulatory framework that is administered by these authorities.</p>	<ul style="list-style-type: none"> <li>• Findings made during the evaluation of the appeal documentation.</li> <li>• An indication on whether the grounds of appeal relevant to their field of expertise are valid/ not, with reasons.</li> <li>• Recommendations on the appeal for Minister's consideration and decision-making purposes.</li> <li>• Identification of any knowledge gaps or concerns.</li> </ul> <p><b>The final report must be readily available within ten (10) days from appointment on the appeal panel.</b></p>
