ADDITIONAL SCOPE FOR RIOT TEAM

A bidding company must have an in-house armed response riot team. The riot team must have the following:

- a. The team must consist of fifteen members
- b. 1 Light delivery vehicle
- c. Transport for all team members
- d. All vehicles used by the riot team shall not have any intermittently flashing lights.
- e. Riot gear for all members
- f. A minimum of fifteen shot guns – Copies of certified licenses must be attached to this tender document.

Notes:

- a. A riot team will be expected to attend to any protest that may arise within the Municipality's area of jurisdiction. The team must be readily available for dispatch at any given time. The team will amongst other be tasked to deal with the protection of the Municipal assets including the road infrastructure against burning tyres, collecting evidence, arrest and lay charges against those found to be damaging Municipal assets.
- b. The Riot Team must respond within two hours to a call as and when they are needed

Before the completion of the Bill of Quantities, tenderers are advised as follows:

Pricing and Payment Conditions

1. Bill of Quantities Structure

The Bill of Quantities has been designed so that tenderers must provide pricing for **Year 1, Year 2 and Year 3** of the contract.

2. Annual Escalations – PSIRA Illustrative Pricing Guide

Tenderers are required to anticipate annual increases in line with the **Private Security Industry Regulatory Authority (PSIRA) Illustrative Pricing Guide** and factor these adjustments into their pricing for Year 2 and Year 3.

The municipality will not be responsible for the incorrect alignment with the **Private Security Industry Regulatory Authority (PSIRA) Illustrative Pricing Guide in Year 2 and Year 3**, and there will not be any price adjustment on security guard's tendered rates.

3. Fuel Price Adjustment Clause

In addition, should the regulated fuel price, as published monthly by the **Department of Mineral Resources and Energy** increase or decrease by **15% or more** compared to the base month price at the time of appointment, the Municipality reserves the right to:

- 3.1. Renegotiate service levels, including the number of guards deployed to maintain affordability; or
- 3.2. Adjust contract rates proportionally to reflect the change.

The fuel price adjustment clause is applicable to items **70-72 of A. BILL OF QUANTITIES FOR SECURITY PERSONNEL.**

Approved fuel prices for South Africa by the Department of Mineral and Petroleum Resources (DMPR)

The latest approved adjustments took effect on May 6, 2026 as follows;

May 2026 Fuel Prices (Inland / Gauteng)

- **Petrol 93 ULP & LRP:** R26.52 per litre
- **Petrol 95 ULP & LRP:** R26.63 per litre
- **Diesel 0.005% S (Wholesale):** R32.30 per litre
- **Diesel 0.05% S (Wholesale):** R32.09 per litre

Adjustments will apply **symmetrically**:

- If fuel prices rise above the +15% threshold, the Municipality may reduce service levels or negotiate rate increases.
- If fuel prices fall below the –15% threshold, the Municipality may reduce contract rates or increase service levels accordingly.

4. No Price Negotiations Post Appointment

Once appointed, the Municipality will not revise or negotiate any price increments, except for the fuel price adjustment clause. All tenderers have the opportunity to submit their rates for each contract year upfront, and those rates will be binding for the duration of the contract.

5. Responsibility for Rate Adjustments

It is the sole responsibility of the tenderer to ensure that rates are correctly adjusted for each contract year. If the tenderer fails to implement the correct escalation in Year 2 or Year 3, the Municipality will not be held liable for the error. The Municipality will not reimburse or pay any difference for the months affected by such an error.

6. Payslip Submission

The appointed service provider must submit a copy of each security officer's payslip to the Municipality on a monthly basis. Failure to comply will result in termination of the contract.

7. Invoice Processing

The Municipality will only process invoices after a completed inspection of all items in the scope of work and the Bill of Quantities. Failure to comply with all requirements will result in non-payment of the invoice.

8. Deployment of security guards

The municipality reserves the right to deploy security guards on an **"as and when required basis"**. Should there be a need to reduce guards at specific sites, a notice will be provided to the bidder two (2) calendar months prior to the termination. The municipality may redeploy existing guards to any site belonging to the municipality.
