C. EVALUATION CRITERIA

SANSA promotes the concept of “best value” in the award of contracts, as opposed to merely looking for the lowest price, which does not necessarily provide the best value. Best value incorporates the expertise, experience, and technical proposal of the organisation and individuals who will be providing the service and the organisational capacity supporting the project team.

SANSA is committed to achieving the Government's transformation objectives in terms of the Preferential Procurement Policy Framework Act.

The value of this bid is estimated not to exceed R1 million (all applicable taxes included), and therefore, the **80/20** system shall be applicable.

- Firstly, the submission will be evaluated to confirm if it meets the required scope of work as stated above. A bid will be disqualified if it fails to meet all the requirements for the scope of work.
- Thereafter, only the qualifying bids (meet the scope of work) are evaluated in terms of the 80/20 preference points system, where the 80 points will be used for price, and the 20 points will be awarded to a bidder for attaining the specific goals in accordance with the Table below.
