

## Technical Evaluation for copper strip

### Technical Evaluation Scoring

(Minimum threshold: 80%)

REF	Criteria	Points	Bidder's Response		Bidders Comments	Scoring Method
			YES	NO		
1	<b>Technical</b> Ability to supply a copper strip as per Transnet's specification: PD_COMP_NAT_SPEC_804 with submission of a letter from the manufacturer, on the manufacturer's letter head, indicating that they will comply to the chemistry and hardness requirement of the specification.	25				25 Points = Compliance with the technical requirements as specified in the Transnet's PD_COMP_NAT_SPEC_804 by completing annexure C specification and submission of a letter from the manufacturer, on the manufacturer's letter head, indicating that they will comply to the chemistry and hardness requirement of the specification.  0 Points = One or more of the requirements above cannot be met.
2	<b>Quality</b> Submission of a valid ISO 9001:2015 certificate of the manufacturing facility.	25				25 Points = Manufacturer is ISO 9001:2015 accredited, and valid certificate is submitted. 0 Points = No ISO 9001:2015 certificate.
3	<b>Delivery lead times</b> Ability to deliver the copper strips with specified time frame.	25				25 Points = less than or equal to 3 months 15 Points = more than 3 months but less than 6 months 0 Points = more than or equal to 6 months
4	<b>References</b> Previous experience in manufacturing or supply of copper strip. The evaluating team will randomly verify the references.	25				25 points = Company provides 3 references provided through customer letter head with details of contacts for verification. 15 points = Company provides 2 reference provided through customer letter head with details of contacts for verification. 0 points = Company provides 1 or less references provided through customer letter head with details of contacts for verification. Note 1: Reference letter must be less than 3 years old. Note 2: Transnet's previous Purchase Order (PO) is acceptable Each PO number / material item number will count as one

100
