## PART T2.2.2: LOCAL EMPLOYMENT & SOURCING

The DBSA has identified job creation and access to procurement opportunities by Start-ups, Small and Micro Enterprises (SMMEs) in the local community of the project area, as an essential requirement towards building an economically viable country. As such, the below targets will be a condition of contract.

### **General Labour minimum target**

It is mandatory that tenderers/bidders employ the minimum stipulated personnel on the contracts for the local community where the project is being implemented. This employment is outside the existing employees of the tenderers/bidders.

For the general labour force, the minimum number of people to be employed for the duration of the project will be calculated from the formula below.

$$\text{Number of Employees} = 4 * \left[ \frac{(\text{Contract Value in Rand})}{R1,000,000} \right]$$

Tenderers are to also note that it is an explicit condition of this tender that all unskilled labourers on the project are to be employed from the local community. The Contractor is therefore expected in general to maximise the involvement of the local community.

Take note that the local labour employed must not be paid lower than the minimum approved municipal rates in that district or area. The Contractor shall be required to submit employment data on a monthly basis to the Project Manager.

### **Procurement of Materials minimum target**

Regarding procurement of materials, local is hereby defined as the district in which the project(s) is/are located. The minimum target for materials sourced locally is **20% of the contract value**.

## PART T2.2.7: CERTIFICATION OF INDEPENDENT TENDER DETERMINATION

1. This Standard Tendering Document (SBD) must form part of all Tenders<sup>1</sup> invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive Tendering (or Tender rigging)<sup>2</sup>. Collusive Tendering is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the Tender of any Tenderer if that Tenderer, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the Tendering process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when Tenders are considered, reasonable steps are taken to prevent any form of Tender-rigging.
5. In order to give effect to the above, the attached Certificate of Tender Determination must be completed and submitted with the Tender:

- 
- 
1. Includes price quotations, advertised competitive Tenders, limited Tenders and proposals.
  2. Tender rigging (or collusive Tendering) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a Tendering process. Tender rigging is, therefore, an agreement between competitors not to compete.
