- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - 3.1. take all reasonable steps to prevent such abuse;
 - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:
 - ¹ Includes price quotations, advertised competitive bids, limited bids and proposals.
 - ² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

C2.1.1.1 The quantities set out in the specification provided are **approximate and do not necessarily represent the actual amount of work to be done**. The quantities of work accepted and certified for payment will be used for determining payments due and not the quantities given in the Bills of Quantities. The quoted quantities are indicative for evaluation not actual amount of work to be carried by successful bidder.

C2.1.1.2 The prices and rates to be inserted in the Bills of Quantities (in your proposal) are to be the full inclusive prices for the work described under the several items. The prices will be used as a basis for assessment of payment for additional work that may have to be carried out.

C2.1.1.3 A price or rate is to be entered against each item in the Schedule/Bills of Quantities, whether the quantities are stated or not. An item against which no price is entered will be considered to be covered by the other prices or rates in the Bills of Quantities. A single lump sum will apply should a number of items be grouped together for pricing purposes.

C2.1.1.4 The prices should be specified per service and the total price should be specified as a sum on sub-total and the total offer price should indicate the sum of all the services inclusive of Vat and all applicable taxes.

C2.1.1.5 Items omitted from the Bill of Quantities that may be required and are related to the scope of work may be requested by the Employer on quotation basis using a 30% mark-up from initial suppliers / within 30% market-related prices

C2.1.1.6 For the purposes of this Bill of Quantities, the following words shall have the meanings hereby assigned to them:

- **Amount :** The quantity of an item multiplied by the bid rate of the (same) item
- **Sum:** An amount bid for an item, the extent of which is described in the Bill of Quantities, the Specifications or elsewhere, but of which the quantity of work is not measured in units

C2.1.7 All pricing to be given in South African currency (rands and cents). Indicate if prices are linked to the Rand/Dollar or Rand/Euro exchange rates. A Bill of Materials (BoM) is provided (in different Annexures) for pricing of both the Project Implementation as well as the Support & Maintenance.
