7. BACKGROUND AND OBJECTIVES OF THE PROJECT

- 7.1. The Tourism Resources Efficiency Programme (TREP) was developed in 2013 in light of the importance of sustainable development in Tourism.
- 7.2. The TREP was developed to create capacity among youth in the country who would be upskilled on the promotion of energy efficiency, water use efficiency and proper waste management in the tourism sector.
- 7.3. The Department of Tourism partnered with National Cleaner Production Centre- South Africa (NCPC-SA) to train hundred and eighty (180) unemployed youth on Resource Efficient Cleaner Production (RECP) Methodologies and Fundamentals of Energy Management between the financial years 2017/18 to 2019/20. This was a basic RECP training.
- 7.4. The NCPC-SA is a key industrial sustainability programme of the Department of Trade and Industry (DTI), hosted at the Council for Scientific and Industrial Research (CSIR). Its mandate is to enable South African industry to increase its competitiveness and and reduce environmental footprint through the implementation of resource efficient and cleaner production (RECP) methodologies.
- 7.5. As the next phase of the program, the Department intends to train twenty (20) youth on RECP Practitioner (theory and practical implementation) during the 2023/24 financial year from the hundred and eighty (180). However, 25 participants will be recruited and trained in order to accommodate possible drop-outs.
- 7.6. Upon successful completion of the training, candidates or learners will have acquired a specialist skill-set that makes them eligible to be RECP consultant.
- 7.7. The programme will also provide tourism establishments with professional and comprehensive RECP assessments that meet international best practice standards. Additionally, it will provide tourism establishments that have been assessed/audited with human capacity to support implementation of the resource efficiency recommendations.
- 7.8. The next *phase* of this programme entails training of up to 25 youth. Phase 2 seeks to create capacity in the tourism sector that will enable the greening of businesses in the sector. This will also create opportunities for employment and the creation of SMMEs in the sector who are capacitated to implement the resource efficiency recommendations, and increase the uptake of the Green Tourism Incentive Fund (GTIP) implemented by IDC on behalf of the Department.
- 7.9. Once trained and certified, the youth will in Phase 2 of this programme be able to:
 - a) Provide tourism establishments with professional and comprehensive RECP assessments that meet best practice standards;
 - b) Capacitate youths to start their own businesses in this sector of service provision thereby promoting transformation of service providers in this area of work and;
 - c) Create job opportunities for themselves and others.
