GARDEN ROUTE DISTRICT MUNICIPALITY
TERMS OF REFERENCE
SUPPLY AND DELIVERY OF PERSONAL PROTECTIVE CLOTHING & EQUIPMENT FOR A PERIOD OF THREE YEARS

BACKGROUND

The Fire and Rescue Services is expected to possess Personal Protective Clothing & Equipment that will enable them to perform various firefighting, hazmat, and rescue functions safely and efficiently. For this purpose, Personal Protective Clothing & Equipment are required to be purchased and this memorandum establishes the specifications to be met by a service provider for the supply and delivery of the required Personal Protective Clothing & Equipment.

Firefighting is an inherently dangerous occupation and firefighters require to wear protective gear that will provide the utmost protection against the many elements encountered during emergencies. Firefighter protective clothing is extremely technical and must meet many different performance requirements, not just heat and flame protection but also tear, abrasion and chemical. Consequently, it is imperative that protective gear comply with the highest standards and are subjected to several tests to ensure they provide adequate protection against both radiant and convective heat, resistance against water penetration, chemicals and tearing.

The International Standards Organisation (ISO) is the organisation with responsibility for setting standards worldwide. The most recent versions of the protective clothing for firefighters' standard is ISO 11613:2017 firefighting support activities, ISO/TR 21808:2021 guidance on the selection, use, care and maintenance of personal protective equipment (PPE) designed to provide protection for firefighters, ISO 15538:2018 protection against and reflection of intense radiant heat, ISO 18639-3 protection in rescue activities, ISO 15384:2020/ISO16073 wildland firefighting & ISO 11999-3:2015 structure fires, ISO 17723:2019 hazardous materials response activities & ISO/TC 94/SC14 firefighters personal protective equipment standard development.

Various countries have developed their own standards, with many countries however adopting and utilising the standards of these countries. America has the NFPA 1971 codes and standards for Structural Fire Fighting and Proximity Fire Fighting with the current edition having undergone revision in 2018 and parts of Asian countries utilising this standard as well.

The European Standards, EN 469: 2020, the minimum performance requirements for protective clothing for firefighters, whilst fighting fires, EN 469 level 2. Australia and New Zealand have the AS/NZS 4967:2009 standard: protective clothing for firefighters. The **South African National Standards** aligns to the European Standard (EN) in specific in this regard in adherence to the ISO Standards. (SANS 50469 (EN 469)).

All the above standards are aligned with the International Standards Organisation (ISO) standards for the various levels of emergencies firefighters are exposed to and determine standards for various protective equipment and clothing items. All personal protective items shall be fully tested and certified in line with the above-mentioned standards and codes. Such proof of full garment test certification on the indicated standards must be submitted with the Tender Document. Failure to submit Certification will disqualify the bidder.

- The manufacturer must certify that the product proposed in its bid meet or exceed all requirements of NFPA 1971, 2007 Edition and NFPA 1977 and EN 15090: 2012 & CE certification.
- The manufacturer must also list and label this product with Underwriters Laboratories Inc. (UL) as the third-party certification organization prescribed in NFPA 1971, 2007 Edition, NFPA 1977 and EN 15090: 2012.

- A current Certificate of Compliance from a recognized third-party testing laboratory shall be supplied with tender bid to fulfil this requirement.

Construction

- Fire fighter boots must provide superb insulation against heat and cold with penetration protected sole and waterproof leather.
- Must have a sole with a heel, an upper with a lining, an insole with puncture-resistance device, and an impact- and compression-resistant toe cap.
- Must be a lace up boot with concealed zipper closure and quick release feature.
- Must have high heat resistant soles.
- Must have additional ankle protection and support.
- Must have leather grip at top of the boot.
- Must have a soft collar on the upper section of boot.
- Must have an ergonomic padded tongue.
- Must have a locking mechanism on zipper.
- Must provide for excellent thermal resistance (HI3).
- Must have steel toe that withstands 200J of impact and 1500N piercing force.
- Must have orange or yellow reflective material on both sides of each boot.
- Aramid stitching.

Material

- Must be of waterproof leather, hydrophobic, breathable (5, 0 mg/cm²/h), 2.0 – 2.2 mm thick.
- Upper: Hydrophobic full grain leather.
- Toe cap: Steel.
- Sole insert: Para-Aramid.
- Sole: Rubber.

Inner Lining

- Must be waterproof and breathable. Must be of highly abrasion-resistant lining with fleece mid layer.
- Must provide optimized climate comfort for all year seasons and excessive use.
- Should have increased chemical protection.

Insole

Must be a moisture-absorbent fleece insole.

Insert

- Moisture wicking comfort insert with cushioning effect and antibacterial properties.
- Separate heel cup to ensure optimized cushioning and foot guidance.
- Must provide a balanced fit marking for optimized boot size choice.

Puncture resistant sole

Flexible, lightweight metal sole insert preventing punctures (patent pending).

Sole

- Lightweight rubber with sturdy road/rough terrain profile and enhanced toe-to-heel support; wear-resistant with excellent anti-slip properties – even in cold weather.
- Must provide for lightweight shock absorption wedge provides extra walking comfort and excellent thermal insulation.
- Must have waterproof and breathable lining.
- The sole must be anti-static, anti-slip, acid, and oil resistant.

Climate System

- To provide a system which uses a pumping movement, which permits air circulation with every step – warm air is released, and fresh air comes in through the vent holes at the top of the boot.

Composite Toe Cap

Must be anatomically shaped, ultra-light toe cap made from fiber-reinforced synthetic, conforming to the highest safety standards.

Lacing System

The patented, externally positioned shoe band with inner-lying crossovers.

Arch Support System

Must have optimal ankle support and shock absorption in the arch; provide for good foot guidance and proper hold for narrow heel and ankle shaft combined with added comfort through a broad front foot area.

Sun Reflect

Must provide for:

- Sun reflect feature to reduce heating effect on the upper leather.
- Sunlight to be reflected, keeping leather and feet cooler.

Others

Must provide for leather loop at the zipper, pull-on straps, TPU (thermoplastic polyurethane)-toe cap, heel inlay and inlay construction around tongue.

Colour

Black.

3. MULTIPURPOSE FIRE FIGHTING GLOVE**Standards & Scope**

Must comply to EN 659:2003 +A1:2008 & EN 388:2016 and / or NFPA 1971, 2007 Edition.

The standards define the minimum requirements for a structural, wildland fire fighting as well as rescue glove specifically designed to withstand the effects of flame, heat, vapour, hazardous liquids, sharp objects, and other hazards encountered during structural firefighting, wildland firefighting, rescues, and other related operations.

Construction

Design:

- A five-finger glove of wing thumb construction shall incorporate the following elements:
- Anatomically 3D shaped for outstanding fit, comfort, and dexterity.
- Impact protectors on the joint areas.
- Elastic snugger band on back.
- Leather hanger loop.
- Leather seam welt between thumb and index finger.
- Palm and thumb reinforcements: Siliconized aramid.
- Coated palm for improved grip and excellent cut resistance.
- Lock stitched seams: minimum 8 stitches per 25mm; heat resistant Kevlar 7 thread.
- Para-aramid knit wrist with leather pulls tab +/- 90mm wide at base.
- Knit wrist shall be a two-ply Nomex/spandex (a synthetic fibre of exceptional elasticity) material.

Materials Configuration:

- The design shall be of a three-layer construction consisting of the following:
 - Outer leather shell - double chrome tanned thermo cowhide/aramid.
 - Moisture Barrier - A polyurethane moisture barrier to prevent liquid penetration of chemicals and water shall be fitted. The moisture barrier tabs shall be stitched to the leather shell.
 - Liner - A fire-retardant modacrylic fibre, self-extinguishing fleece liner shall be fitted.
 - Membrane: Waterproof, breathable and pathogen resistant membrane.
 - Lining: Para-aramid.

Certification

- The product must meet or exceed all requirements of NFPA 1971, 2007 Edition and / or EN 659:2003 +A1:2008 & EN 388:2016.
- Current certification/verification shall be furnished by written documentation supplied by a recognized independent third-party test laboratory.
- A sample glove meeting the requirements of this specification shall be supplied for inspection and verification of compliance.

Packaging

Each pair of gloves shall be individually packaged in a clear polybag along with the all-user information guides and information.

Labelling Requirements

- Labels shall be permanently and integrally printed on materials that meet all the requirements for labels of NFPA 1971 and / or EN 659:2003 +A1:2008 & EN 388:2016.
- The element shall be clearly labelled to fully identify the material content.
- The labelling on each element shall contain manufacturing information, which shall include, at a minimum, a lot number, manufacturing date, model number, country of origin & manufacturer.

Colour

Black or Grey with yellow or orange reflector.

4. STRUCTURAL FIRE FIGHTING HELMET

Scope

- This specification covers the requirements for Structural Fire Fighting helmets.
- Helmets conforming to this specification are designed to help protect the fire-fighter from head and neck injuries related to structural fire fighting activities and technical rescue activities.

Standards

- Helmets for Structural Fire fighting shall meet or exceed NFPA 1971 Standard on Protective Ensemble for Structural Fire Fighting 2007 Edition (Pertaining to Structural Fire Helmets)
- Helmets for technical rescue shall meet or exceed NFPA 1951 Standard on Protective Ensemble for technical rescue Incidents 2007 Edition (Pertaining to Technical Rescue Helmets)
- Helmets for consideration must meet both NFPA requirements. - Certification/verification shall be furnished by written documentation supplied by a recognized independent third-party test laboratory. - A sample helmet meeting the requirements of this specification shall be supplied upon request for inspection and verification of compliance within 10 working days. - The helmet manufacturer shall be certified ISO 9001 company to assure quality procedures and production capabilities.

Construction

Physical configuration

The basic helmet shall have a condensed rear brim design with a length of at least 45 290mm, a width of at least 254mm at the face shield hardware and a height of at least 172mm.

Impact Management System

The impact management system shall consist of an outer shell, a unitary inner shell, and a crown strap suspension. These three components, working together as a system shall be designed to reduce the force of an impact to the helmet and the helmet wearer.

Shell

- The helmet shall be of a contemporary style and shall be constructed of heat resistant thermoplastic.
- Colour pigment shall be added to the thermoplastic resin as part of the manufacturing process that moulds the helmet to help maintain appearance by masking chips and scratches that might occur in daily wear and tear.
- The shell finish shall be available in white, yellow, red, black, blue, orange and lime yellow.
- The edge of the outer shell shall have aluminium reinforced; elastomeric edge beading that is secured at the rear of the brim by a stainless-steel clip and D-ring fastened by a stainless-steel rivet.
- The edge beading shall not melt, drip or ignite when tested to NFPA 1971-2007, Section 6-6.12, Heat Resistance requirements.

Unitary Inner Shell

- The inner shell shall be of unitary design, incorporating impact attenuating structures and shall be constructed of a heat-resistant thermoplastic.
- No urethane or other foam shall be utilized.

Crown Strap Suspension System

- The crown strap suspension system shall consist of two 19mm nylon woven straps attached to four nylon keys.
- The keys shall be inserted into key sockets formed into the unitary inner shell.

Ratchet Headband

- The helmet shall have a quick-adjustment sizing capability by means of a ratchet adjustment system attached to a heat-resistant nylon headband. The headband shall be attached to the unitary inner shell by four black acetyl buttons (two fronts, two rears).
- The headband shall have the ability to be raised or lowered inside of the unitary inner shell by adjusting the headband at one of three vertical positions on the t-shaped posts.
- The rear ratchet height adjuster shall permit at least 25mm of travel to permit the ratchet to be positioned for comfort on the nape of the fire-fighters head.
- The ratchet housing shall be wrapped in a cushion-backed leather cover to enhance fit and comfort at the nape of the head. This leather ratchet cover shall be attached by four pieces of Velcro hook and loop material to permit removal for cleansing and replacement.

Brow Pad

- The headband shall be supplied with a fire retardant (FR) cotton flannel brow pad, backed with foam cushion padding material at the forehead. This brow pad shall extend rearward on each side 165mm from the centre line of the headband to provide stability and comfort to the fire-fighter.
- The brow pad shall be attached by hook and loop material to permit removal for laundering and replacement.
- Attachment to the headband with stitching shall not be permitted.

Chin Strap

- The chinstrap shall be a three-point design consisting of min 19mm black Nomex webbing with a super-tough nylon quick-release buckle.
- The male side of the quick-release buckle shall be anchored to the right side of the outer shell with a dielectric anchor block secured to the face shield-mounting bracket with two stainless steel screws.
- The third point of the strap shall connect through a rear anchor loop. The female side of the quick-release buckle shall be attached to the left side of the outer shell in the same manner.
- When the chinstrap is connected and fully extended, maximum side-to-side length shall be at least 600mm when measured from one anchor block to the opposite anchor block.
- The ear/neck protector shall consist of a 170g rip-stop Nomex outer shell backed with FR cotton flannel for comfort. A 25mm strip of loop material shall be stitched in one continuous band across the top of the outer shell portion of the ear/neck protector for attachment to the three corresponding strips of 25mm hook material located on the interior of the unitary shell.
- When properly attached to the inner shell of the helmet, the ear/neck protector shall have rip-stop Nomex ear and neck protection that is heat and flame resistant to provide premium protection in high heat situations and have the following minimum coverage to the sides and rear of the helmet brim.
 - 150mm from the sides of the helmet brim at the chinstrap
 - 165mm from the centre rear of the helmet brim –

Face shield

- The face shield shall be minimum length of 150mm (6") and moulded in the formed position to fit the contour of the helmet brim.
- The face shield shall be mounted to the brim of the outer shell by means of a quick attach mounting blade system to allow rapid removal/replacement of the face shield without the use of tools.
- When mounted, the face shield shall permit a minimum retract ability of 90 degrees in the stowed position.
- The face shield mounting hardware shall be constructed from glass-reinforced, flame resistant, nylon tested to NFPA 1971-2007, Section 6-3 Flame Resistance Test 2.
- Glass-filled polymer face shield. Anti-fog and scratch resistant coating on both sides to ensure visibility.

Retro-reflective Trim

- The outer shell shall have min five min 25mm x min 100mm fluorescent lime yellow, retro-reflective markings located around the outer shell. The reflective materials shall be glass bead based to maximize the resistance to heat exposure experienced in fire fighting.
- Vinyl based reflective materials will not be considered equal.

Colour

Yellow and white.

Warranty

The manufacturer shall warrant to the original purchaser that the entire helmet (excluding face shield) shall be free of defects in material and workmanship, under normal use and service, for a period of two years from the date of manufacture. The face shield is not warranted.

After-Sales Service

The supplier shall ensure that all spares and components subject to wear and tear including face shields, neck protectors, and reflective trim and brow pads are available during the warranty period.

fireman helmet is designed with a lightweight structural thermoplastic outer shell and urethane foam impact liner to protect your head against heat rise and act as an extra layer of protection against falling objects.

5. WILDLAND FIREFIGHTING HELMET**Scope**

Wildfire helmets must be designed for extreme conditions of wildland and forestry firefighting whilst offering unparalleled protection, versatility, and comfort.

Standard features of wildfire helmets must include.

- Must have a heat-resistant tough thermoplastic outer shell.
- Must be of lightweight, compact design.
- Must have three goggle retainer clips to secure eye protection.
- Must have reflective stripes to increase wearer visibility.
- Must have a six-point nylon pin-lock suspension.
- Must have a cotton brow pad.
- must include vertical adjustment straps for maximum comfort and fit.
- Must have a 360° full brim.
- Must be one size fits all.
- Must have a under brim anti-glare strip.
- Must meet or exceed NFPA Standards.

6. RESCUE HELMET**Scope**

The rescue helmet is designed for emergency rescue operations, including fire, emergency response, civil defence, and rescue operations.

Standard features of rescue helmets must;

- be of light weight, an average weight of 800 grams,
- have a retractable visor.
- have a multi-adjustable headband.
- be manufactured of latest moulding techniques.

- have advanced safety features.
- provide for comfort, and size provide versatility without sacrificing protection.

7. FIRE FIGHTING HOOD

Scope

This specification defines the minimum requirements for a fire-fighter's structural hood. The purpose of the hood is to afford limited protection to the head, neck, and a portion of the shoulder area, of the fire-fighter against adverse environmental effects during fire ground operations, as defined by the National Fire Protection Association's standard NFPA 1971 - 2018, Protective Ensemble for Structural Fire Fighting, 2007 Edition (hereinafter referred to as NFPA 1971 or EN 531:1995 A, B2, C1 and E1.

Construction

- Full faced, lightweight, double layer knitted balaclava.
- Workmanship and material shall be first quality throughout. All exceptions to specifications must be clearly spelled out at the time of bid.
- The hood and materials shall meet or exceed both the design and performance requirements for as outlined in NFPA 1971 or EN 531:1995 A, B2, C1 and E1.
- The hood shall be a double layer, full drape, yoke style design providing chest, back and partial shoulder protection.
- A tube style design shall not be acceptable.
- All head and bib seams shall be flat lock stitched.
- The bib hem shall be hemmed with a tight crochet stitch designed to eliminate bulky binding.
- The face opening shall easily stretch to a minimum of 38cm to provide superior donning and fit characteristics for any size fire-fighter's head.
- The face opening shall be sewn with minimum 12mm elastic and hemmed with over lock stitch.
- Self-fabric binding around face opening, with lime stitching.
- Extended bib, back and shoulder flares.

Materials

- The hood body shall consist of a double layer of 20/80 Nomex / Lenzing Fire Resistant blend (a sustainably produced inherently flame-resistant cellulosic fibre) knit with a weight of approximately 220gram per square meter.
- All thread material shall be 100% Nomex.
- Flame-resistant.
- Highly moisture absorbent.

Labelling Requirements

- A flame-retardant label shall be permanently fixed to the hood by means of all four label edges being sewn to the hood.
- Labels shall be permanently and integrally printed on materials that meet all the requirements for labels of NFPA 1971 or EN 531:1995 A, B2, C1 and E1
- The element shall be clearly labelled to fully identify the material content and shall be labelled with the FEMSA-style DANGER label.
- The labelling on each element shall contain manufacturing information, which shall include, at a minimum, a lot number, manufacturing date and manufacturer instructions.

Performance

- The minimum Thermal Protective Performance (TPP) ratings shall be as follows:
 - Before washing: 23
 - After washing: 24

Care Instructions

- The manufacturer shall provide a user information guide which complies with user information requirements of NFPA 1971 or EN 531:1995 A, B2, C1 and E1 and shall reference that standard.
- Topics shall include, but not necessarily be limited to pre-use information, preparation for use, inspection frequency and details, don/doff, use consistent with NFPA 1500, maintenance and cleaning, and retirement and disposal criteria and considerations. This document shall be packaged with each unit supplied.

Certification

- The manufacturer must certify that the product proposed in its bid meet or exceed all requirements of NFPA 1971. The manufacturer must also list and label this product with Underwriters Laboratories Inc. (UL) as the third-party certification organization prescribed in NFPA 1971 or EN 531:1995 A, B2, C1 and E1
- A current Certificate of Compliance from a recognized third-party testing laboratory shall be supplied with tender bid to fulfil this requirement.

Packaging

Each hood body shall be individually packaged in a clear polybag along with the all-user information guides and information.

Colour

Yellow, Grey, Blue or Black

8. WILDFIRE GOGGLES**Scope and Specifications**

- Needs to be constructed from high temperature material.
- The complete goggle needs to be tested at min 1500 °C or higher.
- Need to have a sealed "dual" scratch-resistant (outside), and anti-fog Lens (Inside). A UV absorbing polycarbonate lens.
- Need to be comfortable, soft closed cell foam for a snug seal keeping smoke, debris, and liquids out.
- Must have a non-vented body to offer best protection against smoke and dust, wide peripheral vision and needs to fit over prescription eyewear, easy strap adjustments.
- Must have a fireproof adjustable headband.
- Must meet at least ANSI Z87.1-2004 High Impact Standards and NFPA 1971, 1977: 2016

9. RESCUE SUIT

Jacket and Trousers

Materials

- Outer Shell: Fire Resistant Meta-Para-Aramid blend.
- Liner: Lenzing Fire Resistant Aramid blend, moisture, and pathogen resistant barrier.
- Reflective tape: 50mm.

Specifications:

- Fire Resistant Zip and Velcro front closure.
- Throat tab with Fire Resistant Velcro® closure.
- Extension gusset under the arms.
- Left sleeve, pocket with flap and FR Velcro closure.
- Two side entry pockets
- Torch/microphone strap-and-pouch.
- Expandable radio pocket on left chest, radio loops on right breast.
- Pleated back with padded shoulders and elbows.
- Fire Resistant knitted internal cuffs, with tab and Fire-Resistant Velcro closure.

- Scuff resistant barrier on elbows and over shoulders.
- Breathable, pathogen resistant moisture barrier.
- Reflective tape, 50mm silver.
- Options:
Additional reflective tape: Lettering & Embroidery.
Colour: Navy blue and sand.
The suit (garment) shall conform to SANS 50469 (EN 469) & be CE certified.

Features:

- Must be a light-weight garment.
- Must be highly breathable which reduces heat stress.
- Must have excellent water vapour transfer ability.
- Must have a breathable, waterproof pathogen resistant moisture barrier.
- Must have an extended back section for increased protection.
- Must have a scuff resistant barrier on shoulders and elbows.
- Must have a padded elbows and shoulders.
- Must have dynamic back for better movement.

Trousers

Materials

- Outer Shell: Fire Resistant Meta-Para-Aramid blend.
- Moisture barrier: Breathable, pathogen resistant moisture barrier.
- Liner: Lenzing Fire Resistant/Aramid blend.
- FR Anti-wicking barrier.
- Reflective tape: 50mm.

Specifications

- Shall be waist high trousers with Fire Resistant Velcro and concealed press stud fly closure with ruched elastic back.
- Shall have adjustable braces with thermoplastic buckle adjustment.
- Shall have cargo pockets with flaps and FR Velcro closure on each leg.
- Shall have a padded, scuff resistant knee area.
- Shall have a breathable, pathogen resistant moisture barrier.
- Shall have Reflective tape: 50mm.

Features

- Must be of lightweight.
- Must be highly breathable which reduces heat stress.
- Must have excellent water vapour transfer ability.
- Must be a breathable, waterproof pathogen resistant moisture barrier.
- Must have an extended back section for increased protection.
- Must have scuff resistant barrier on knees and bottom hems.
- Must have a padded knee area.

Colour: Navy blue and Sand
Size: XS – 3XL.

10. HIGH VISIBILITY REFLECTIVE JACKETS

Description

Must be a bunny style jacket with detachable sleeves and fleece lining. The outer fabric to be polyester cotton specialised comfort lined fabric. The garment must be manufactured using reflective tape and fabric conforming to the requirements of the European EN471 and SANS 50471 standard.

Fabric Specifications

240gsm² Poly/Cotton 60/40 conforming to SANS 50471 & EN471 standards. The fabric must have a cotton rich inner for comfort and 100% polyester outer for strength and colour brightness.

Tape

Class 2 conforming to the SANS 50471 & EN471 standard.

Branding

- Embroidery/Personalisation: Local Authority name on jacket.
- Reflective Screen Print on rear of jacket with "Fire & Rescue" in silver reflective 70mm height.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3. Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

GRDM/29/22-23- SUPPLY AND DELIVERY OF PERSONAL PROTECTIVE CLOTHING & EQUIPMENT FOR A PERIOD OF THREE YEARS.

in response to the invitation for the bid made by:

GARDEN ROUTE DISTRICT MUNICIPALITY

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder.
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

General Conditions of Contract

1. Definitions	1. The following terms shall be interpreted as indicated: 1.1 "Closing time" means the date and hour specified in the bidding documents for the receipt of bids. 1.2 "Contract" means the written agreement entered into between the purchaser and the provider, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein. 1.3 "Contract price" means the price payable to the provider under the contract for the full and proper performance of his contractual obligations. 1.4 "Corrupt practice" means the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution. 1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally. 1.6 "Country of origin" means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components. 1.7 "Day" means calendar day. 1.8 "Delivery" means delivery in compliance of the conditions of the contract or order. 1.9 "Delivery ex stock" means immediate delivery directly from stock actually on hand. 1.10 "Delivery into consignees store or to his site" means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the provider bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained. 1.11 "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA. 1.12 "Force majeure" means an event beyond the control of the provider and not involving the provider's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes. 1.13 "Fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition. 1.14 "GCC" means the General Conditions of Contract. 1.15 "Goods" means all of the equipment, machinery, and/or other materials that the provider is required to supply to the purchaser under the contract. 1.16 "Imported content" means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the provider or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured. 1.17 "Local content" means that portion of the bidding price which is not included in the
-----------------------	---

<u>General Conditions of Contract</u>	
	imported content provided that local manufacture does take place. 1.18 "Manufacture" means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities. 1.19 "Order" means an official written order issued for the supply of goods or works or the rendering of a service. 1.20 "Project site," where applicable, means the place indicated in bidding documents. 1.21 "Purchaser" means the organization purchasing the goods. 1.22 "Republic" means the Republic of South Africa. 1.23 "SCC" means the Special Conditions of Contract. 1.24 "Services" means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the provider covered under the contract. 1.25 "Written" or "in writing" means hand-written in ink or any form of electronic or mechanical writing.
2. Application	2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services (excluding professional services related to the building and construction industry), sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents. 2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works. 2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.
3. General	3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged. 3.2 Invitations to bid are usually published in locally distributed news media and in the institution's website.
4. Standards	4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.
5. Use of contract documents and information; inspection.	5.1 The provider shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the provider in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance. 5.2 The provider shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract. 5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the provider's performance under the contract if so required by the purchaser. 5.4 The provider shall permit the purchaser to inspect the provider's records relating to the performance of the provider and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.
6. Patent rights	6.1 The provider shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser. 6.2 When a provider developed documentation / projects for the municipality or municipal entity, the intellectual, copy and patent rights or ownership of such documents or projects will vest in the municipality or municipal entity.
7. Performance security	7.1 Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.

<u>General Conditions of Contract</u>	
	7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the provider's failure to complete his obligations under the contract. 7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms: (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or (b) a cashier's or certified cheque. 7.4 The performance security will be discharged by the purchaser and returned to the provider not later than thirty (30) days following the date of completion of the provider's performance obligations under the contract, including any warranty obligations, unless otherwise specified.
8. Inspections, tests and analyses	8.1 All pre-bidding testing will be for the account of the bidder. 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the purchaser or an organization acting on behalf of the purchaser. 8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned. 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser. 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the provider. 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected. 8.7 Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the provider who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the providers cost and risk. Should the provider fail to provide the substitute supplies forthwith, the purchaser may, without giving the provider further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the provider. 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.
9. Packing	9.1 The provider shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit. 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, and in any subsequent instructions

General Conditions of Contract	
	ordered by the purchaser.
10. Delivery and documents	10.1 Delivery of the goods and arrangements for shipping and clearance obligations shall be made by the provider in accordance with the terms specified in the contract.
11. Insurance	11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified.
12. Transportation	12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified.
13. Incidental services	13.1 The provider may be required to provide any or all of the following services, including additional services, if any: (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods; (b) furnishing of tools required for assembly and/or maintenance of the supplied goods; (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods; (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the provider of any warranty obligations under this contract; and (e) training of the purchaser's personnel, at the provider's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods. 13.2 Prices charged by the provider for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the provider for similar services.
14. Spare parts	14.1 As specified, the provider may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the provider: (a) such spare parts as the purchaser may elect to purchase from the provider, provided that this election shall not relieve the provider of any warranty obligations under the contract; and (b) in the event of termination of production of the spare parts: (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.
15. Warranty	15.1 The provider warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The provider further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the provider, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination. 15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise. 15.3 The purchaser shall promptly notify the provider in writing of any claims arising under this warranty. 15.4 Upon receipt of such notice, the provider shall, within the period specified and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser. 15.5 If the provider, having been notified, fails to remedy the defect(s) within the period specified, the purchaser may proceed to take such remedial action as may be necessary, at the provider's risk and expense and without prejudice to any other rights which the purchaser may have against the provider under the contract.

<u>General Conditions of Contract</u>	
16. Payment	16.1 The method and conditions of payment to be made to the provider under this contract shall be specified. 16.2 The provider shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of other obligations stipulated in the contract. 16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the provider. 16.4 Payment will be made in Rand unless otherwise stipulated.
17. Prices	17.1 Prices charged by the provider for goods delivered and services performed under the contract shall not vary from the prices quoted by the provider in his bid, with the exception of any price adjustments authorized or in the purchaser's request for bid validity extension, as the case may be.
18. Increase / decrease of quantities	18.1 In cases where the estimated value of the envisaged changes in purchase does not exceed 15% of the total value of the original contract, the contractor may be instructed to deliver the revised quantities. The contractor may be approached to reduce the unit price, and such offers may be accepted provided that there is no escalation in price.
19. Contract amendments	19.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.
20. Assignment	20.1 The provider shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.
21. Subcontracts	21.1 The provider shall notify the purchaser in writing of all subcontracts awarded under these contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the provider from any liability or obligation under the contract.
22. Delays in the provider's performance	22.1 Delivery of the goods and performance of services shall be made by the provider in accordance with the time schedule prescribed by the purchaser in the contract. 22.2 If at any time during performance of the contract, the provider or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the provider shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the provider's notice, the purchaser shall evaluate the situation and may at his discretion extend the provider's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract. 22.3 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the provider's point of supply is not situated at or near the place where the supplies are required, or the provider's services are not readily available. 22.4 Except as provided under GCC Clause 25, a delay by the provider in the performance of its delivery obligations shall render the provider liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 22.2 without the application of penalties. 22.5 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the provider's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the provider.
23. Penalties	23.1 Subject to GCC Clause 25, if the provider fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.
24. Termination for default	24.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the provider, may terminate this contract in whole or in part: (a) if the provider fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 22.2; (b) if the provider fails to perform any other obligation(s) under the contract; or (c) if the provider, in the judgement of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract. 24.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the provider shall be liable to the

<u>General Conditions of Contract</u>	
	purchaser for any excess costs for such similar goods, works or services. However, the provider shall continue performance of the contract to the extent not terminated. 24.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years. 24.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the supplier as having no objection and proceed with the restriction. 24.5 Any restriction imposed on any person by the purchaser will, at the discretion of the purchaser, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the purchaser actively associated. 24.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information: (i) the name and address of the supplier and / or person restricted by the purchaser; (ii) the date of commencement of the restriction; (iii) the period of restriction; and (iv) the reasons for the restriction. These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector. 24.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.
25. Anti-dumping and countervailing duties and rights	25.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the provider to the purchaser or the purchaser may deduct such amounts from moneys (if any) which may otherwise be due to the provider in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him.
26. Force Majeure	26.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the provider shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure. 26.2 If a force majeure situation arises, the provider shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the provider shall continue to perform its obligations under the contract as far as is reasonably practical and shall seek all reasonable alternative means for performance not prevented by the force majeure event.
27. Termination for insolvency	27.1 The purchaser may at any time terminate the contract by giving written notice to the provider if the provider becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the provider, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

<u>General Conditions of Contract</u>	
28. Settlement of Disputes	28.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the provider in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation. 28.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the provider may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party. 28.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law. 28.4 Notwithstanding any reference to mediation and/or court proceedings herein, (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and (b) the purchaser shall pay the provider any monies due the provider for goods delivered and / or services rendered according to the prescripts of the contract.
29. Limitation of liability	29.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6; (a) the provider shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the provider to pay penalties and/or damages to the purchaser; and (b) the aggregate liability of the provider to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.
30. Governing language	30.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.
31. Applicable law	31.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified.
32. Notices	32.1 Every written acceptance of a bid shall be posted to the provider concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice. 32.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.
33. Taxes and duties	33.1 A foreign provider shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country. 33.2 A local provider shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser. 33.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid SARS must have certified that the tax matters of the preferred bidder are in order.
34. Transfer of contracts	34.1 The contractor shall not abandon, transfer, assign or sublet a contract or part thereof without the written permission of the purchaser.
35. Amendment of contracts	35.1 No agreement to amend or vary a contract or order or the conditions, stipulations or provisions thereof shall be valid and of any force unless such agreement to amend or vary is entered into in writing and signed by the contracting parties. Any waiver of the requirement that the agreement to amend or vary shall be in writing, shall also be in writing.
