Election Tablets

The Electoral Commission has noted the concerns raised by bidders regarding the tight delivery timelines during the tender briefing.

It is important to highlight that the 60-day delivery period may extend beyond the Local Government Election date of **04 November 2026**, which could place the procurement at risk of cancellation.

Bidders are therefore encouraged to deliver at least **10,000 fully completed units by 16 October 2026**, with the balance to be delivered in accordance with the tender requirements.
