

## ANNEXURE 5: MINIMUM PPE AND TOOLS

The Service Provider shall ensure that the Participants are provided with, and at all relevant times wear, adequate personal protective equipment (PPE) for the work they perform at the Site, and in accordance with the requirements of Regulation 2 of the General Safety Regulations, 1986, published under Government Gazette Notice R1031 of 30 May 1986 in terms of the OHS Act as well as Department's SHEQ Procedures and Standards (PPE requirements).

The required PPE on a Site will depend on the hazards and risk identified in a Workplace Risk Assessment. Consideration must be given to the source of energy and the part of the body involved;

The PPE shall be replaced when it becomes ineffective through wear and tear;

The PPE requirements must be included in the Service Provider/Contractor Health & Safety Plan;
