BACKGROUND, OVERVIEW AND RFP SCOPE OF REQUIREMENTS

2. BACKGROUND

- 2.1.** The NLC HCM Reward Department has undergone several changes and face numerous challenges. These services remain vital for the HCM leadership and should the NLC not subscribe to an accredited service provider with a “solid” system, NLC would still have to source an accredited external service provider to provide this vital information.
- 2.2.** The NLC would like to acquire a system through multiple year’s subscription at the discounted and cost-effective rate. External benchmarking has been negatively perceived by employees and the UNIONS, hence a concerted drive to address and prevent historic challenges need to be addressed.
- 2.3.** The new administration and executive team have worked tirelessly since 2022 to set a new tone, instill a new vision and organizational culture whilst facing numerous challenges that address employees’ motivation of equal pay etc.
- 2.4.** The system must be an internet-based remuneration system with the results being able to address the complexities of Southern Africa’s remuneration practices. It provides benchmark data for most positions across all job families.
- 2.5.** The organization still needs to bridge the gaps in trust building and hence a credible automated system is still required. The HCM/ Leadership/ Management teams should be empowered and provided with the results to enable them to navigate their team performance with consistency and fairness.
