SUBJECT: THE APPOINTMENT OF A SERVICE PROVIDER TO CONDUCT A FEASIBILITY STUDY FOR THE SOUTH AFRICAN HEROES ACRE PROJECT AT FREEDOM PARK HERITAGE SITE AND MUSEUM

1. INTRODUCTION

The National Department of Sport, Arts and Culture (DSAC) seeks to appoint a suitably qualified service provider to undertake a comprehensive Feasibility Study towards the development of a South African Heroes Acre at the Freedom Park Heritage Site and Museum in Pretoria. This project aims to provide a dignified and symbolic resting place for repatriated remains and honour all South African heroes and heroines who contributed to the country's liberation, democratic development, and nation-building.

2. BACKGROUND

Following the successful repatriation of the mortal remains of 42 liberation heroes and heroines from Zambia and Zimbabwe in September 2024, President Cyril Ramaphosa mandated the Department to explore the creation of a National Heroes Acre. This project aligns with Section 36(9) of the National Heritage Resources Act and the preamble of the Constitution, which calls for the recognition and honouring of those who suffered and sacrificed for justice and freedom.

A preliminary desktop study and an international benchmarking visit were conducted in late 2024 and early 2025, respectively. Informed by those findings, the Department now requires a professional feasibility study to assess the viability, cost, sustainability, and social impact of the proposed site.

3. OBJECTIVES OF THE FEASIBILITY STUDY

3.1. The Feasibility Study must:

- 3.1.1. Deliver a well-founded justification for the establishment of a National Heroes Acre at the Freedom Park Heritage Site and Museum in Pretoria, based on identified historical, cultural, and social needs.
- 3.1.2. Assess the technical, financial, legal, institutional, and social feasibility of the project.
- 3.1.3. Examine the project's alignment with national policies, including the National Development Plan, Truth and Reconciliation Commission (TRC) recommendations, and heritage legislation.
- 3.1.4. Provide detailed recommendations on project implementation, costing, and sustainability.
