2. DEPARTMENTAL AND PROGRAMME OVERVIEW

The Legal Services Directorate forms part of the Corporate Services sub-programme of the Department. The mandate of the Legal Services Directorate is to provide effective and efficient legal support services to the Department in respect of litigation management, legal opinions, legislative review and contract drafting.

The programme, Administration, provides administrative support to various programmes in the Department, which in turn provide services to individuals, communities, enterprise groups or associations. Support to subject matter programmes takes the form of administrative, financial budgetary, and legal support, as well as human resources management and development, labour relations and information technology support services.

Very importantly, support from the programme includes the coordination and direction of all the subject matter programmes. Thus, most of the programme's activities are transversal in nature. As the programme essentially supports all other programmes of the Department, it should operate as efficiently and effectively as possible. Indeed, its key role is to ensure that the Department's strategic plan is well implemented, by adequately and in a timely manner resourcing other programmes, in terms of human, technological, and financial resources.
