**Notes to Pricing:**

**Respondents, if awarded the contract, are required to indicate that their prices quoted would be kept firm and fixed for a period of 12 months, subject thereafter to adjustment (i.e. after the initial period of 12 months), utilizing the Consumer Price Index (CPI) as per below:**

YES	
-----	--

<b>TOTAL COST YEAR 1 VALUE</b> (EXCLUDING VAT AND INFLATION) TOTAL FOR 3 YEARS) / 3
<b>TOTAL COST FOR YEAR 2</b> = TOTAL COST FOR YEAR 1 + CPI (4.7%)
<b>TOTAL COST FOR YEAR 3</b> = TOTAL COST FOR YEAR 2 + CPI (4.7%)

**NB: Price Adjustment**

Prices on the Contract will be fixed for the first 12 months of the Contract. Thereafter the Contract price adjustment will be reviewed on each anniversary of the Contract, taking into account the actual Consumer Price Index (CPI) for that particular year as published by Statistics South Africa. The CPI percentage published by Stats SA will be used to determine the appropriate percentage mark-up; the CPI percentages of 4.7% for year 2 and 4.7% for year 3 are not fixed.
