CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

1. PURPOSE

- 1.1. To appoint a service provider to facilitate a 3-days 9th People and Parks National Conference, manage the content and provide secretariat services during the conference, which is taking place from 23rd – 25th February 2022.

2. INTRODUCTION AND BACKGROUND

- 2.1 Prior to the World Parks Congress (WPC) held in Durban in September 2003, twelve communities with interests in protected areas met in St Lucia in KwaZulu-Natal and drafted the Cape Vidal Memorandum - a comprehensive submission articulating clear actions to address issues of importance to communities affected by land displacements within Protected Areas. They presented the memorandum to the national Department of Environmental Affairs (DFFE), which undertook to initiate an annual review of the relationship between people and parks through an annual People & Parks Forum. The first forum session was held from 25 to 27 October 2004 in Swadini Forever Resort, in Mpumalanga Province. A key output was an action plan that identified specific activities or processes which address issues at the interface between conservation and communities.

The 2nd People and Parks Conference was held in Beaufort West from 29 to 31 October 2006 with the aim of reflecting on progress made on the outcomes of the 2004 Swadini conference and to analyze the challenges and opportunities relating to implementation of the action plan. The conference reflected on the slow pace of the implementation of the Swadini action plan and therefore called for the development of a two-year implementation framework to address the key institutional bottlenecks.

The 3rd People and Parks Conference was held in Mafikeng (North West Province) from 31 August to 02 September 2008, with representatives of government, conservation agencies, non-governmental organizations (NGOs) and affected communities. The main focus of the 3rd conference was to review progress to date on the implementation plans that were developed by the Protected Area institutions as part of the 2-year implementation framework.
