

Scope of Work

Statement of Work (SOW) for Replacing Floor Vanished Marine Board and Installing Vinyl Tiles on a 3 x 3m Container

1. **Introduction:** This Statement of Work (SOW) outlines the requirements and scope of work for replacing the existing floor with vanished marine ply board (17mm) and installing vinyl tiles on a 3 x 3m container.
2. **Scope of Work:**
 - The existing floor board of the container, measuring 3 x 3 meters, will be removed.
 - The steel plate under the UPS to be removed and re-installed on the new floor.
 - High-quality vanished marine ply board material will be procured for replacement.
 - The marine board will be cut and fitted to the exact dimensions of the container floor.
 - The surface will be prepared for the installation of vinyl tiles.
 - Vinyl tiles will be installed on top of the marine board.
 - The vinyl tiles will be laid out in a professional manner, ensuring uniformity and proper alignment.
 - Finishing touches will be applied to ensure a seamless and aesthetically pleasing installation.
3. **Responsibilities:**
 - The contractor is responsible for procuring all necessary materials and equipment.
 - The contractor will provide skilled labor for the removal of the existing floor board.
 - The client will provide access to the container and ensure a suitable working environment.
4. **Timeline:**
 - A schedule will be provided by the contractor outlining the sequence of work and milestones.
5. **Quality Assurance:**

Scope of Work

- The contractor will ensure that all work is carried out to the highest standard and in compliance with relevant safety regulations.
- Quality checks will be conducted throughout the installation process to verify adherence to specifications and standards.

6. Completion and Acceptance:

- Upon completion of the work, the contractor will invite the client to inspect the installed floor and ensure satisfaction.
- Any deficiencies or issues identified during the inspection will be promptly addressed by the contractor.
- Once the client is satisfied with the work, formal acceptance will be provided, and the project will be considered complete.
