Background

The Municipality hereby invites proposals for the appointment of Service provider to assist the municipality with data cleansing and Indigent Management.

Municipality took over customers data in 2014 from its local Municipalities for the purpose of billing water and sanitation in line with the powers and functions of the district municipality. Customer data was imported to the billing and in most cases, it appeared to be mixed and not up to date, making it difficult if not impossible for customers to receive their reliable accounts and consequently resulting in non-payments of services due to disputed information contained. As a result, and due to lack of internal capacity there is a need to have provider appointed to do data cleansing and collections on potential billable areas.

The Municipality has a duty to develop, implement, monitor, and review Indigent register as per its Indigent Policy adopted on an annual basis. The project is aimed at smart and electronic registering of qualifying indigent households and performing both web based and physical verification for all indigent applicants who are not able to afford basic services as per the approved indigent policy of the municipality.

Customers who cannot afford to pay their municipal services are encouraged to apply for registration as indigent, and in line with the Indigent policy such customers are verified for affordability.

Purpose

It is against the above background that Sekhukhune District Municipality is seeking to appoint an experienced **Professional Service Provider** to do data cleansing and verification of indigent register for a period of three (3) years.

Objectives

1. Objectives of the projects

Thus, the project aims at electronic mobile registration and desktop verification of indigent applicants to establish and maintain authentic indigent register and setting up communication links with the billing system. These smart technologies must assist municipality to determine which households qualify for free basic services and which household's gross income status has changes over time in which the Municipality might have to bill to increase its revenue collection.

2. The role of services provider

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
